**Re: 2022 Annual Access Charge Tariff**

Dear Ms. Dortch:

Emery Telephone (Emery) (FRN 0001-6073-40) hereby amends Transmittal No. 12 of its Tariff F.C.C. No. 1, effective July 1, 2022, in order to submit three certifications with respect to the data establishing Emery's projected eligibility for CAF ICC funding during the upcoming funding period and one certification with respect to the tariff revisions necessary to implement the 2022-2023 portion of the transition of interstate and intrastate toll-free (or 8YY) originating end office access service rates to bill-and-keep. These certifications were filed with the Universal Service Administrative Company (USAC) on Friday, June 24, 2022, but were inadvertently omitted from the Electronic Tariff Filing System (ETFS) submission. All rates and data remain accurate and unchanged as filed.

Respectfully submitted,  
**Emery Telephone**
