**TRANSMITTAL No. 16**

Secretary, Federal Communications Commission  
Washington, DC 20554  
ATTN: Wireline Competition Bureau

The accompanying tariff material, issued by Bandwidth.com CLEC, LLC and bearing Tariff FCC No. 1 effective June 28, 2022, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended. This filing is made on one (1) day's notice. The purpose of this filing is to sequence the reduction of the 8YY-related charges in alignment with guidance provided in a Public Notice issued last month by the Wireline Competition Bureau (Bureau) on May 17, 2022, DA 22-542. In that Public Notice, the Bureau encouraged competitive LECs to make necessary filings reducing interstate toll free (8YY) originating end office service rates and database query charge "after the competing incumbent LEC's intrastate access charge tariffs become effective on July 1, 2022". This tariff filing accordingly removes previously scheduled changes in those charges. To be clear, Bandwidth.com CLEC, LLC will file a revised tariff on or before July 18, 2022, to reflect reductions in both originating end office service rates and database query charges to the lower of the applicable rate mandated by Section 51.907(j) of the Commission's rules or competing incumbent LEC rate.

The material contained in this filing consists of tariff pages indicated by the check sheet(s) listed below:
