- (A) A DS3 (44.736Mbps) High Capacity Circuit Termination may be ordered as an Individual System. A Circuit Termination may be ordered with an electrical or optical interface. (D)

DS3 Circuit Terminations are non-distance sensitive and are provided on a protected basis.

Banded Circuit Mileage rate elements are applied to certain DS3 Services that are provided under a National Discount Plan as specified in Section 22.1.6 following.

\* DS3 High Capacity service may be provided between service areas shown under 7.1.10, where facilities and conditions permit.

(B) Minimum Service Periods#

DS3 service is offered under four minimum service periods, each with different rate levels. The minimum service periods are 1, 3, 5 and 7 years. The customer must specify the minimum service period at the time the service is ordered. Each DS3 Circuit Termination of a two-point DS3 service must have the same minimum service period. (D)

(D)

The minimum service periods for Special Access DS3 Service and Special Access DS1 Service that are included in a National Discount Plan are set forth in Section 22.1.8 following

The customer may select a longer minimum service period at any time, without penalty or application of nonrecurring charges, to obtain the lower recurring rates associated with a longer minimum service period. When the customer selects this option, the customer will receive full credit for the amount of time the service was provided under the shorter minimum service period. For example, if a customer, who initially ordered DS3 service under a one-year minimum service period, after six months decides to select the three year minimum service period, the customer will have a remaining obligation period of 30 months. The new recurring charges will apply subsequent to the effective date of the new minimum service period.

(C) Expiration of Service Periods#

At the expiration of a service commitment period, the customer may select a new DS3 commitment period. If the customer does not select a new minimum service period within 60 days from the expiration date, billing will remain at the current service period and a new DS3 service period will begin based on the previously effective service period. All terms and conditions, including subsequent Termination Liabilities will apply to the new DS3 Period.

# Effective November 19, 2021, DS3 Minimum Service Periods, as previously defined, are no longer permitted. DS3 Service Period rates in effect as of November 19, 2021 may continue the existing term but will not be eligible to extend, renew, reenroll in, convert to a new term period, or in any other way continue their existing plan beyond its current expiration. At expiration of the commitment term, service will be converted to the Month to Month Rate. If at any time an existing customer terminates its DS3 Service Period the customer may not re-subscribe to the rate.

(C) Expiration of Service Periods# (Cont'd)

Customers with expired service periods for the Individual System DS3s, prior to the effective date of this tariff offering will have up to 180 days to select a new commitment service period. If the customer does not select a new service period within 180 days of the effective date of this tariff, billing will remain at the current service period and a new DS3 minimum service period will begin based on the last service period. The beginning date of the new service period will be the date immediately following the expiration date of the expired service period. (D)

(D) Discontinuance Without Liability - DS3 Minimum Service Period#

Rates for DS3 service may vary during the minimum service period; however, should the recurring charges for a customer's DS3 service increase, in aggregate, by more than 10% from the original recurring charges during the minimum service period, the customer may, at their option, terminate the DS3 service without penalty or liability.

The customer may cancel the minimum service period of a DS3 Service that is provided under this Section 7.2.6 in order to subscribe such DS3 Service to the NDP as set forth in Section 22 following.

The customer may cancel the minimum service period of a DS3 Service that is provided under this Section 7.2.6 in order to replace the DS3 Service with a Replacing Service pursuant to the Technology Migration regulations set forth in Section 2.9 preceding.
