The monthly rates for such services are reduced by a fixed percentage.

The amount of the discount percentage differs based on the length of the commitment period selected by the customer and the type of service. The customer must specify the number of months selected as the commitment period for its Service Discount Plan.

The discount percentage is applied to the currently effective monthly rates. Such rates may change during the commitment period, thereby causing an increase or decrease in the rates applicable to the customer.

25. Discount Plans

The following discount plans are available to all customers who purchase the applicable services and meet the requirements for each such discount plan that remains effective on a grandfathered basis, as set forth in Section 25.1 following for Commitment Discount Plans## and Section 25.2 following for National Discount Plan#. Because CDPs and NDPs are grandfathered, any references to CDPs or NDPs in this tariff are solely for purposes of administering grandfathered CDPs and NDPs, and any such references may not be interpreted to mean new CDPs or NDPs are available or that expiring CDPs or NDPs may be renewed or extended.

25.1 Commitment Discount Plans

- (A) A Commitment Discount Plan (CDP) provides for the application of a discount to the monthly recurring rates for service(s) included in the CDP based on a Minimum Commitment of channel terminations. For administrative purposes, all services included in the CDP are managed as a single plan with separate commitment periods applicable to each type of service. Only one (1) CDP is permitted per customer (i.e., one per legal entity).

Subject to Section 1.1 preceding, the Telephone Company manages a CDP as a single plan by combining the commitment for Channel Terminations in Competitive and Non-Competitive Counties and applying tariffed and detariffed rates, terms and conditions as applicable.

- (B) If a customer subscribed to a CDP prior to July 16, 2016, all eligible service types must be included in CDP with the limited exception of (i) IEF services; (ii) Special Access DS3 High Capacity/44.736 Mbps Services (Special Access DS3 Services) and Special Access DS1 High Capacity/1.544 Mbps Services (Special Access DS1 Services), as set forth in Section 7.2.9 preceding, that are included in the National Discount Plan (NDP) as set forth in Section 25.2 following; and (iii) eligible service types ordered on or after July 16, 2016 under an ACNA not included in said CDP. If a customer subscribes to a CDP on or after July 16, 2016, all eligible service types under the ACNA(s) designated for inclusion in such CDP must be included in CDP with the limited exception of IEF services.

- (1) Existing CDP customers who subscribe to IEF services must choose one of the following options: (1) maintain existing term pricing plans on their IEF; or (2) include their IEF services under the CDP, in which case their IEF terminations must be combined with their Switched Access and Special Access DS3 channel terminations without applying termination liabilities to their cancelled IEF Term Plan; or (3) include the IEF services under the CDP and under the NDP in accordance with the terms set forth in this Section 25.1 and Section 25.2 following, respectively.
- (2) New CDP customers who subscribe to IEF services must choose one of the following options: (1) establish or maintain a term pricing plan on their IEF services; or (2) include their IEF services under the CDP, in which case their IEF terminations must be combined with their Switched Access and Special Access DS3 channel terminations; or (3) include the IEF services under the CDP and under the NDP in accordance with the terms set forth in this Section 25.1 and Section 25.2 following, respectively.
- (3) DIGIPATH digital service II is no longer an eligible service under CDPs established or renewed on or after November 16, 2018. For customers who established or renewed a CDP prior to November 16, 2018, subject to Section 1.1 preceding, the Telephone Company will continue to include DIGIPATH digital service II as an eligible service through the expiration date of the then effective commitment period of that service type.

The only exceptions to the foregoing shall be:
- (i) termination by the CDP Customer in accordance with Sections 25.1.5(C) or 25.1.6(C) preceding for which the CDP Customer shall not be charged termination liability in accordance with this section for the specific service type terminated. If the CDP Customer terminates another service type not subject to Sections 25.1.5(C) or 25.1.6(C) preceding, then the CDP Customer shall be subject to termination liability for the other service types in accordance with this section; or
 - (ii) termination by the CDP Customer in accordance with Renewal Options specified in Section 25.1.8(G) preceding; or

There are two methods (i.e., Option 1 or Option 2) of determining and calculating the termination liability charge. The Telephone Company will calculate the charge using both methods and apply the method which produces the lesser termination liability charge.

For IEF, the termination liability shall be determined using Option 1 only.

- (A) Upon establishment of a new commitment period under CDP under this tariff, a customer will have the option to match the plan's expiration date with the expiration date for each service type offered under a CDP in the operating territories of Verizon Delaware LLC, Verizon Maryland LLC, Verizon New Jersey Inc., Verizon Pennsylvania LLC, Verizon Virginia LLC and Verizon Washington, D.C. Inc., provided that, the selected services are under the same length term plan, and provided further that, there is at least fifty percent (50%) of the time remaining in the CDP term in the operating territories of Verizon Delaware LLC, Verizon Maryland LLC, Verizon New Jersey Inc., Verizon Pennsylvania LLC, Verizon Virginia LLC and Verizon Washington, D.C. Inc. If the same term plan lengths are not available (e.g., DS3), the selected service must be the longest term plan length available in this tariff. The rates, terms, and conditions associated with each service will be provided pursuant to the tariff/product guide from which the service was ordered. (D)
- (B) Time in-service credit, when applicable, will be adjusted when the customer elects coterminous plans. The number of months of time in-service credit shall be the difference between (a) the time in-service credit available to the customer on the new CDP under this tariff calculated in accordance with Section 25.1.10(F) preceding; and (b) the number of months or fraction thereof that the new CDP commitment period under this tariff is reduced in order to make that date coterminous with the expiration date of the customer's commitment period under CDP in Tariff F.C.C. No. 1. No time in-service credit will be applied if the difference from the prior sentence (i.e., (a) minus (b)) results in a net time in-service credit that is less than or equal to zero.
