Comporium, Inc. (“Comporium” or “Company”), through its consultant John Staurulakis, Inc. (“JSI”), hereby provides a Description and Justification for its proposed reduction to certain Special Access rates to its Public Packet Data Network Ethernet Transport Service offerings (“ETS”) in John Staurulakis, Inc. Tariff F.C.C. No. 1 (“JSI Tariff”). The Company is an issuing carrier of the JSI Tariff in which it files interstate access rates on a prospective basis pursuant to Section 61.38 of the Commission’s rules.

The Company voluntarily elects to reduce the 2 Mbps Metro Ethernet Special Access rates effective April 1, 2023. The company expects de minimis impact on the overall revenues. The rate reductions are not expected to materially change overall billed revenues, as customer demand will likely increase with lower rates, and as customers shift between rate tiers.
