2. GENERAL REGULATIONS (Cont'd)

2.3 Customer Equipment and Channels (Cont'd)

2.3.5 Prohibited Uses

2.3.5.1 The Service(s) the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorization, licenses, consents, and permits.

2.3.5.2 The Company may require applicants for Service who intend to use the Company's offerings for resale and/or shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws, and FCC regulations, policies, guidelines, orders and decisions.

2.3.5.3 The Company may require a Customer to immediately stop its transmission of signals if said transmission is causing interference to others.

2.4 Payment Arrangements

2.4.1 Payment for Service

The Company shall bill on a current basis all charges incurred by and credits due to the Customer under this tariff attributable to Service(s) established or discontinued during the preceding billing period. End User Common Line Service (End User Service) charges are billed in advance.

The Customer is responsible for the payment of all charges for facilities and Service(s) furnished by the Company. All bills, other than those for End User Service, are due 31 days after the bill day (payment date) or by the next bill date, whichever is the shortest interval, and are payable in immediately available funds.

The Customer is responsible for payment of appropriate sales, use, gross receipts, excise, access or other local, state and federal taxes, charges, fees, or surcharges (however designated) imposed or based upon the provision, sale or use of the Company's Service(s).

As a telecommunications company, the Telephone Company must make various payments to local, state, and federal departments and agencies, including, but not limited to, administration fees, inspection and supervision fees, and general public utility commission assessments. The Regulatory Assessment Surcharge ("RAS") is designed to help recover the cost of these payments. The Telephone Company assesses RAS on end-user customers based on the individual customer's respective interstate and international services invoiced multiplied by the applicable percentage as reflected at www.windstream.com/billinfo.

Administrative Services Fee ("ASF")

The Administrative Services Fee is a flat percentage monthly fee assessed on all Windstream Communications Telecom LLC monthly recurring charges ("MRCs") to recover costs associated with tariff and price guide filings, collections, record maintenance, various state business licenses, various regulatory fees where applicable, general account servicing, and the administrative costs the Company incurs for local, state and federal governmental data gathering, record maintenance, and required reporting. This is not a tax or charge imposed by a governmental entity.
