Re: Ameritech Operating Companies, Application for Special Permission No. 421

Dear Ms. Shore:

The Wireline Competition Bureau has determined that a grant of the above-referenced application is justified. This grant will enable you to file the tariff material, as requested. For this purpose, we assign Special Permission No. 24-003 and waive 47 CFR §§61.58 and 61.59.

The grant does not constitute approval by the Commission or the Chief, Wireline Competition Bureau, of the proposed filing and does not prejudice any subsequent action that the Commission or Wireline Competition Bureau may take.

Sincerely,

/s/ Victoria S. Goldberg
