Re: Moss Adams LLP, Application for Special Permission No. 3

Dear Mr. Rutkowski:

The Wireline Competition Bureau has determined that a grant of the above application is justified. This will enable you to file the tariff material as requested there. For this purpose, we assign Special Permission No. 24-004 and waive 47 CFR §§61.58 and 61.59 as requested.

The grant does not constitute approval by the Commission or the Chief, Wireline Competition Bureau, of the proposed filing and does not prejudice any subsequent action that the Commission or Bureau may take.

Sincerely,

/s/ Victoria S. Goldberg
