

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

REGULATIONS AND SCHEDULES OF CHARGES

Applying to interstate Corridor Message Telecommunications Services between specific New Jersey and New York points and between specific New Jersey and Pennsylvania points,

as provided herein.

Corridor Message Telecommunications Service is furnished by means of wire, fiber optics or any other suitable technology, radio, or a combination thereof.

The name, title and mailing address of this tariff's Issuing Officer are located on the bottom of Page 1, the Check Sheet.

This tariff is filed under authority of the Federal Communications Commission's Memorandum Opinion and Order in CC Docket No. 83-1145 Phase II, Part 1, adopted and released on May 31, 1984. It incorporates Special Permission No.s 83-640 and 83-641.

In addition it incorporates the following Orders and Special Permission originally granted to American Telephone and Telegraph:

Memorandum Opinion and Order F.C.C. 80-45, released Feb. 8, 1980.
Memorandum Opinion and Order F.C.C. 81-217, released May 18, 1981 and F.C.C. 83-479, released October 27, 1983.
Memorandum Opinion and Order regarding Transmittal No. 14268, released June 22, 1983 and Memorandum Opinion and Order regarding Transmittal No. 14346, released September 8, 1983.
Memorandum Opinion and Order F.C.C. 84-201.
Special Permission No. 83-1050, effective January 1, 1984.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

1. APPLICATION OF TARIFF

- 1.1 This tariff applies to Corridor Message Telecommunications Service furnished by the Bell Atlantic - New Jersey, Inc., (hereinafter referred to as the Telephone Company), between stations in the Corridor. Further, application of the rates and regulations in this Tariff, as they apply to Operator handled services [3.1 (C) (7) (b) and Public Land Mobile Radiotelephone Service [3.4, pertain only to those offices in the Corridor, not converted to Equal Access.
- 1.1.1 Interstate service between points as specified in 3.1 following.
- 1.1.2 Public land mobile radiotelephone service as specified in 3.4 following.
- 1.1.3 Conference Service as specified in 4.1.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

1. APPLICATION OF TARIFF (Cont'd)

- 1.2 Where Corridor Message Telecommunications Service is available under this tariff for use in connection with customer - provided facilities, the regulations and rates for each call made are those applicable for Corridor Message Telecommunications Service, i.e., Dial Station, Customer Dialed Calling Card Station, Operator Station, Person-to-Person, or Conference according to the connection established.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.1 Undertaking of the Telephone Company

2.1.1 Scope

- (A) Corridor Message Telecommunications Service (CMTS) is the furnishing of those service components required for telecommunication between stations in different local service areas within the Corridor in accordance with the regulations and system of charges specified in this tariff. The message charges specified in this tariff are in payment for Corridor Message Telecommunications Service furnished between the calling and called stations.
- (B) The Telephone Company does not undertake to transmit messages but furnishes the use of its service to its Customers for telecommunications.
- (C) The design, maintenance and operation of Corridor Message Telecommunications Service envisions that communications will originate or terminate at a station of the associated exchange telephone service used for CMTS.
- (D) Corridor Message Telecommunications Service applies to the exceptions to the Modification of Final Judgment decree that allows the Telephone Company to provide interstate interLATA service between portions of New Jersey 201 NPA and greater metropolitan New York City 212 and 718 NPA and between portions of New Jersey 609 NPA and five adjoining counties in Pennsylvania 215 NPA as defined in 3.1.B.1.

2.1.2 Availability of Service

- (A) The use and restoration of service shall be in accordance with Part 64 Subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.
- (B) Subject to compliance with the above mentioned rules, where a shortage of service components exists at any time either for temporary or protracted periods, the establishment of Corridor Message Telecommunications Service shall take precedence over all other services.
- (C) Service is furnished subject to the availability of the service components required. The Telephone Company will (1) determine which of those components shall be used and (2) make modifications to those components at its option.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.1 Undertaking of the Telephone Company (Cont'd)

2.1.2 Availability of Service (Cont'd)

- (D) When connections are made to Customer or provided communications systems at a premises where the Customer does not originate or terminate communications, the Telephone Company may require that the exchange telephone service be furnished from a Telephone Company Central Office(s) different than the Central Office(s) designated by the Telephone Company to serve that premises.

2.1.3 Limitations on Duration of Connections

The Telephone Company reserves the right to limit the duration of connection when necessary because of a shortage of service components caused by emergency conditions.

2.1.4 Liability

- (A) In view of the fact that the Customers have exclusive control of their communications over the service furnished them by the Telephone Company, and of the other uses for which service may be furnished them by the Telephone Company, and because of the unavailability of errors incident to the use of such services of the Telephone Company, the services furnished by the Telephone Company are subject to the terms, conditions and limitations specified in (B), (C) and (D) following.
- (B) The Telephone Company's liability, if any, for its willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or by any others, for damages associated with any aspect of the provision of service (including the failure to reach a called station), and subject to the provisions of (C) through (E) following, the Telephone Company's liability, if any, shall not exceed an amount equal to the initial minute charge applicable for such a message to the called station. This liability shall be in addition to any billing adjustments that may otherwise be appropriate.
- (C) The Customer indemnifies and saves the Telephone Company harmless against claims for libel, slander, or infringement of copyright from the material transmitted over its service; against claims for infringement of patents arising from combining with, or using in connection with, service of the Telephone Company, apparatus and systems of the Customer; and against all other claims arising out of any act or omission of the Customer in connection with service provided by the Telephone Company.
- (D) No carrier participating in this service shall be liable for any act or omission of any other carrier also participating in the service.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.1 Undertaking of the Telephone Company (Cont'd)

2.1.4 Liability (Cont'd)

- (E) The services furnished by the Telephone Company, in addition to the limitations set forth in 2.1.4 (A) through (D) preceding, also are subject to the following limitation: the Telephone Company shall not be liable for damage arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of the Telephone Company caused by Customer-provided equipment (except where a contributing cause is the malfunctioning of a Telephone Company-provided connecting arrangement).

2.2 Use

2.2.1 Use of Service

The service is provided for use by the Customer and may be used by others, when so authorized by the Customer, providing that all such usage shall be subject to the provisions of this tariff.

Corridor Message Telecommunications Service may be used for non-voice transmission on a two-point basis between points in the Corridor.

Telephone Company provided local business exchange service may be used for the purpose of providing access to resold or shared Corridor Message Telecommunications Service according to the Telephone Company's Local General Services Tariffs.

2.2.2 Abuse and Fraudulent Use

The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:

- (A) the use of the services of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the charge applicable for service;
- (B) the obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain, Corridor Message Telecommunications Service, by rearranging, tampering with, or making connection with any service components of the Telephone Company, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular charge for such service;

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.2 Use (Cont'd)

2.2.2 Abuse and Fraudulent Use (Cont'd)

- (C) the use of the service of the Telephone Company for a call or calls, anonymous or otherwise, if in a manner reasonably expected to frighten, abuse, torment, or harass another;
- (D) the use of profane or obscene language;
- (E) the use of the service in such a manner as to interfere unreasonably with the use of the service by one or more other Customers.

2.2.3 Unlawful Purposes

The service is furnished subject to the condition that it will not be used for an unlawful purpose.

2.3 Obligations of the Customer

- 2.3.1 The calling parties shall establish their identity in the course of any communication as often as may be necessary.
- 2.3.2 The calling party shall be solely responsible for establishing the identity of the person or persons with whom connection is made at the called station or stations.
- 2.3.3 Each aggregator (any person that, in the ordinary course of its operations, makes telephones available to the public or to transient users of its premises, for interstate telephone calls using the Telephone Company as its provider of operator services) must be in compliance with the requirements in subsection (c) of the "Telephone Operator Consumer Services Improvement Act of 1990" by adhering to the following guidelines:
 - (A) Post on or near the telephone instrument, in plain view of the consumer, the following information:
 - (1) The name and address of the provider of operator services.
 - (2) A written disclosure that the rates for all operator-assisted calls are available on request, and that consumers have a right to obtain access to the interstate common carrier of their choice and may contact their preferred interstate common carrier for information on accessing that carrier's service using that telephone.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.3 Obligations of the Customer (Cont'd)

2.3.3 (Cont'd)

(A) (Cont'd)

(3) The name and address of the enforcement division of the Common Carrier Bureau of the Commission, to which the consumer may direct complaints regarding operator services.

(B) Ensuring that each of its telephones presubscribed to a provider of operator services allows the customer to use "800" and "950" access code numbers to obtain access to the provider of operator services desired by the consumer.

(C) Ensuring that no charge by the aggregator to the consumer for using an "800" or "950" access code number, or any other access code number, is greater than the amount the aggregator charges for calls placed using the presubscribed provider of operator services.

The requirements of paragraph (A) shall not apply to an aggregator in any case in which State law or State regulation requires the aggregator to take actions that are substantially the same as those required in paragraph (A).

For purposes of complying with paragraph (A), following are the Telephone Company's and the F.C.C.'s name and address:

Bell Atlantic - New Jersey, Inc.
P.O. Box 1147
Piscataway, NJ 08855
dial Operator

F.C.C. Enforcement Division, CCB
Room 6202
Washington, DC 20554

The Telephone Company will assume responsibility for complying with the requirements for posting information on or near its pay telephones located on or near an aggregator's premises.

Access digit may be required (such as dial "9" from a motel) before dialing Operator.

2.4 Payment Arrangements

2.4.1 Payment for Service

The Customer is responsible for payment of all charges for services furnished to the Customer, including charges for services originated or charges accepted at the Customer's station and for charges billed the Customer for calling card messages.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.4 Payment Arrangements (Cont'd)

2.4.2 Billing and Collection of Charges

The charges for calls and chargeable reports are due when billed and are billed and collected by the Telephone Company.

2.4.3 Termination of Service for Cause

Upon nonpayment of any sum due the Telephone Company, or upon a violation of any of the conditions governing the furnishing of service, the Telephone Company may by notice in writing to the Customer, without incurring any liability, forthwith discontinue the furnishing of said service.

2.4.4 Advance Payments

Applicants for Corridor Message Telecommunications Service, whose financial responsibility is not a matter of general knowledge or who are not connected in a substantial way with a firm, corporation or other concern of established credit, may be required to make an advance payment of at least one month's estimated charges.

2.4.5 Deposits

The Telephone Company may, in order to safeguard its interests, require an applicant or a Customer to deposit a sum up to an amount equal to twice the estimated average monthly charge for usage of Corridor Message Telecommunications Service offered herein; such deposit to be held by the Telephone Company as a guarantee of the payment of charges provided for herein. The fact that a deposit has been made in no way relieves the applicant or Customer from complying with the Telephone Company's regulations as to advance payments and the prompt payment of bills on presentation. At such time as the service is terminated the amount of the deposit is credited to the Customer's account and any credit balance which may remain is refunded. At the option of the Telephone Company such a deposit may be refunded or credited to the Customer at any time prior to termination of the service.

In case of cash deposit, for the period the deposit is held by the Telephone Company, the Customer will receive simple interest at rate of 9% per annum, unless a different rate has been established by the appropriate legal authority within the state.

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.5 Definitions

Bill to Third Party

The term "Bill to Third Party" denotes a billing arrangement by which a call may be charged to an authorized station as determined by the Telephone Company other than the station originating the call or the station where the call is terminated.

Call Forwarding

Call forwarding denotes that feature whereby a call placed to a Customer's telephone number in one exchange (the call forwarding location) is automatically forwarded by the Telephone Company central office equipment to a station designated by said Customer in another exchange.

Calling Card

The term "Calling Card" denotes a credit/charge card for use in billing CMTS calls.

Collect Call

The term "Collect Call" denotes a billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called station. A collect call may be billed to a Calling Card or third party number. In the case of a public or semi-public coin telephone the charges must be billed to a Calling Card or third party number, or the call may be reoriginated from the called station.

Communications System

The term "Communications System" denotes channels and other facilities which are capable, when not connected to Corridor Message Telecommunications Service, of communications between Customer provided terminal equipment or Telephone Company stations.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.5 Definitions (Cont'd)

Corridor Message Telecommunications Service

The term "Corridor Message Telecommunications Service" applies to the exceptions to the Modification of Final Judgment Decree that allows the Telephone Company to provide interstate interLATA service.

Credit Card

(see Calling Card)

Customer

The term "Customer" denotes the person, firm or corporation responsible for the payment of charges and compliance with the regulations of the Telephone Company.

Customer Dialed Calling Card Station

The term "Customer Dialed Calling Card Station" denotes that service where the person originating the call dials prescribed numbers in order to complete the message without operator assistance (unless it is necessary to record the originator's calling card number), and the message is billed to a calling card number.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.5 Definitions (Cont'd)

Customer-Provided Terminal Equipment

The term "Customer-Provided Terminal Equipment" denotes devices or apparatus and their associated wiring, provided by a Customer, which do not constitute a multiline terminating system or a communications system and which, when connected to the communications path of the telecommunications network, are connected either electrically, acoustically or inductively.

Dial Station

The term "Dial Station" denotes that service where the person originating the call dials the telephone number desired, completes the message without the assistance of an operator and the message is billed to the originating number.

Dial Station-to-Station

(See Dial Station)

Exchange

The term "Exchange" denotes a unit generally smaller than a local access and transport area, established by the Telephone Company for the administration of communications service in a specified area which usually embraces a city, town or village and its environs. It consists of one or more central offices together with the associated facilities used in furnishing communications service within that area. One or more designated exchanges comprise a given local access and transport area.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.5 Definitions (Cont'd)

Initial and Additional Minute

The term "Initial Minute" denotes the interval of time allowed at the rate quoted for a connection between given points.

The term "Additional Minutes" denotes the unit of time used for measuring and charging for time in excess of the initial minute.

Interface

The term "Interface" denotes that point on the premises of the Customer at which provision is made for connection of other than Telephone Company provided facilities to facilities provided by the Telephone Company.

Local Access and Transport Area (LATA)

The term "Local Access and Transport Area" denotes a geographic area established for the provision and administration of communications service. It encompasses one or more designated exchanges which are grouped to serve common social, economic, and other purposes.

Main Billed Account

The local exchange telephone number associated with a Customer name and address and to which CMTS charges are billed.

Multiline Terminating System

The term "Multiline Terminating System" denotes switching equipment (e.g. PBX, Centrex, ACD, tandem switching equipment) and key telephone type systems which are capable of terminating more than one local central office line, WATS access line, private line service or communications system.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.5 Definitions (Cont'd)

Operator Station

The term "Operator Station" denotes Station-to-Station service other than Dial Station service or Customer Dialed Calling Card Station service.

Operator Station-to-Station

(see Operator Station)

Person-to-Person

The term "Person-to-Person" denotes that service where the person originating the call specifies to the operator a particular person, mobile station, department, or office to be reached.

Premises

The term "Premises" denotes a building or buildings on continuous property (except railroad rights-of-way, etc.) not separated by a public thoroughfare.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

2.5 Definitions (Cont'd)

Station

The term "Station" as used herein denotes terminal equipment and devices connected in accordance with the FCC's Rules and Regulations, provided by the customer at a Customer's premises, at public or semi-public telephone locations or in a Telephone Company central office for call forwarding which enables a Customer to establish and to effect communications through such connections.

Station-to-Station

The term "Station-to-Station" denotes that service where the person originating the message does not specify the person, mobile station, department, or office to be reached.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

2.6 Connections

(T)

2.6.1 General

Equipment and Systems (i.e., terminal equipment, multiline terminating systems and communications systems) may be connected with Corridor Message Telecommunications Service furnished by the Telephone Company where such connection is made in accordance with the provisions specified in Technical Reference Publication AS No. 1 and in 2.1 through 2.4 preceding.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.10 RATE DETERMINATION

The rate for a CMTS call is determined by factors such as:

- distance between stations
- time of day and day of week
- duration of call
- class of service

The specific factors which apply to a given CMTS call and their application are listed in the rate section applicable to that type of call. The regulations pertaining to those factors are as follows:

2.10.1 Distance Between Stations

- (A) The distance between two stations within the corridor is measured on the basis of airline mileage between rate centers as described in AT&T Communications Tariff F.C.C. No. 10.

2.10.2 Time of Day and Day of Week

The rate charged is determined by the day and time (standard or daylight savings) at the rate center of the calling station.

2.10.3 Class of Service

For the purpose of rate application, one of the following classes of service may apply to a given call:

(A) Station-to-Station

There are three types of Station-to-Station calls:

- (1) The Dial Station class of service applies when the person originating the call dials the telephone number desired without the assistance of an operator and the call is billed to the calling station. It does not include calls from public or semi-public coin telephones. Dial Station rates also apply when:
 - (a) An operator records the calling station number where no automatic recording equipment is available.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

2. REGULATIONS (Cont'd)

2.10 RATE DETERMINATION (Cont'd)

2.10.3 Class of Service (Cont'd)

(A) Station-to-Station (Cont'd)

(1) (Cont'd)

- (b) A call is placed from a dormitory station and an operator records a special identification number issued by the Telephone Company for billing purposes to students of colleges or universities. The calling station must be equipped with Dormitory Centrex Service or with a PBX equipped with Direct Inward Dialing and Automatic Identified Outward Dial service.
 - (c) A call is forwarded by Call-Forwarding equipment.
 - (d) An operator reaches the called station because of trouble on the network.
 - (e) An operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of his/her handicap.
 - (f) An operator reestablishes a Dial Station call that has been interrupted after the called station has been reached.
 - (g) An operator places a call because service components are not available for dial completion.
- (2) The Operator Station class of service applies when calls are completed with the assistance of an operator except as specified for the Dial Station or Customer Dialed Calling Card Station classes of service. Operator Station service includes messages originated at a public or semi-public coin telephone.
- (3) The Customer Dialed Calling Card Station class of service applies when the person originating the call:
- (a) dials the digit zero, plus the telephone number, plus a calling card number (where equipment is available) to complete the call without operator assistance, or
 - (b) dials the digit zero, plus the telephone number (0 + number) to complete the call. In such cases operator assistance is limited to recording the calling card number for billing purposes, or

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.10 RATE DETERMINATION (Cont'd)

2.10.3 Class of Service (Cont'd)

(A) Station-to-Station (Cont'd)

(3) (Cont'd)

(c) dials the operator and places a calling card Station-to-Station call when equipment capability precludes either of the foregoing.

(B) Person-to-Person

The Person-to-Person class of service applies when the person originating the call specifies the particular party to be reached by an operator. That party may be:

(1) A person.

(2) A mobile station through a Miscellaneous Common Carrier attendant.

(3) A station, department, or office through a PBX attendant.

After the called station has been reached, if the calling party requests or agrees to speak to a party other than the party initially specified, the call is still classified as Person-to-Person. The calling party is responsible for identifying the party at the called station.

Person-to-Person also applies when the call originator requests an operator to make arrangements with a called party to establish a call at a specified time.

The Telephone Company does not undertake to bring a called party to a station who cannot be readily reached at the called station. However, at the request of the calling party, the Telephone Company, when possible, will arrange on behalf of the calling party, for messenger service. Messenger service is defined as a messenger or other means of notifying the called party of the call. The calling party shall reimburse the Telephone Company for the amount expended for such messenger service. These charges, to the extent they can be determined in advance, require approval of the calling party. Charges for messenger service are added to the tariff charges for the call.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)

2.10 RATE DETERMINATION (Cont'd)

2.10.4 Timing of Messages

Chargeable time includes the initial minute plus the additional minutes if any, and is determined as follows:

- (A) When a message is established in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the message occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.
- (B) On Station-to-Station messages, chargeable time begins when connection is established between the calling station and the called station.
- (C) On Person-to-Person messages, chargeable time begins when connection is established between the calling person and a specified person, station, department, office or an agreed-upon alternate.
- (D) Chargeable time ends when the calling station "hangs up". If the called station "hangs up" but the calling station does not, chargeable time ends when the connection is released either by automatic timing equipment in the telecommunications network or by the operator.
- (E) Chargeable time does not include time lost because of service faults or defects that are reported to the Telephone Company.
- (F) When exchange telephone service used for Corridor Message Telecommunications Service is directly connected (i.e., not connected through a Multiline Terminating System) at a Customer's premises to a communications system, chargeable time for all classes of service begins when a call from the telecommunications network terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of connection with the exchange telephone service so that chargeable time may begin.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(B) Mileage Measurement (Cont'd)

(1) Mileage Determination (Cont'd)

Airline mileage between rate centers are determined as provided in 2.1.8 of the AT&T Communications Tariff F.C.C. No. 10.

In general, each point in the Corridor is designated as a rate center except that certain small towns or communities are assigned adjacent rate centers with which they are closely associated for communication purposes or by community of interest and in a few of the largest cities there are several rate centers further identified as city zones.

(a) Where a Point is Divided into City Zones

The rate airline mileage measured between the rate center of the city zone and the rate center of the other point, except that when such mileage exceeds 40 miles, the rate airline mileage is measured between the rate center of the master zone and the rate center of the other point with a minimum of 41 miles being applicable.

(b) Where Both Points are Divided into City Zones

The rate airline mileage is measured between the rate centers of the city zones, except that when such mileage exceeds 40 miles, the rate mileage distance is measured between the rate centers of the master zone with a minimum of 41 miles being applicable.

(3) Rate Determination - Schedule I

Rates applicable for the mileages obtained are as provided in (C)(7)(a) following.

(C) Rate and Charge Application

(1)

(2) Classes of Service

(a) Service is offered on a Dial Station, Customer Dialed Calling Card Station, Operator Station or Person-to-Person basis.

(b) In order to control fraud, the Company may refuse to accept Calling Cards which it determines to be invalid and/or may limit the use of Calling Cards to or from all or part of the Corridor.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(C) Rate and Charge Application (Cont'd)

(3) Initial Minute, Additional Minutes, Service Charges and Rate Periods

Rates are stated in terms of initial minute, additional minutes and service charges in the Rate Table in (7) following.

(a) Initial Minute

Initial minute rates are for connections of one minute or any fraction thereof.

(b) Additional Minutes

Additional minute rates are for each additional minute or any fraction thereof that the connection continues beyond the initial minute.

(c) Dial Station

Only initial minute and additional minute rates apply.

(d) Customer Dialed Calling Card Station, Operator Station and Person-to-Person

Initial minute and additional minute rates apply in addition to a Service Charge.

(e) Service Charge

A Service Charge applies to each Customer Dialed Calling Card Station, Operator Station or Person-to-Person call. This charge is added to the initial minute and additional minute charges.

(f) Rate Periods

Day Rate Period is in effect Monday through Friday (8:00 AM - 5:00 PM)

Evening Rate Period is in effect Monday through Friday and Sunday (5:00 PM - 11:00 PM)

Night and Weekend rate period is in effect at all other times.

These rate periods are depicted on a chart illustrated in 3.1(C)(7) following.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(C) Rate and Charge Application (Cont'd)

(4) Rates Applicable for Hearing or Speech Impaired Persons

(a) Application

Persons who have been certified in writing by a licensed physician, audiologist, speech pathologist, or appropriate State or Federal agency as having a hearing or speech impairment which precludes oral communications and who have and use a telecommunications device for visual communications, will receive a day and evening adjustment on Directly Dialed Station-to-Station calls which do not require the intervention of an operator. The adjustment is applied to rate tables in (7) according to the following:

- (i) Calls placed during the day rate period will be charged at the evening rate.
- (ii) Calls placed during the evening rate period will be charged at the night rate.

(b) Certification

The written certification of the speech or hearing impairment must be presented to the Telephone Company Business Office which serves the residence of the certified person.

The Telephone Company Business Office, upon request, will provide a certification form for use by the applicant.

(c) Limitations

The adjustment is provided for use by the speech or hearing impaired Customer. It is only applicable to CMTS charges for calls originated from and billed to the telephone exchange service of the residence of the certified speech or hearing impaired person. The adjustment is applicable to only one telephone exchange service for a person or at a residence.

(5) Reversal of Charges (Collect Calls)

Collect calls are permissible for all Corridor telephone calls except messages to which Dial Station rates apply.

The regularly established Operator Station or Person-to-Person rates apply.

(6) Rates Applicable on Certain Holidays

On Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, Martin Luther King Day, Presidents' Day, Memorial Day, Columbus Day and Veteran's Day, the rate applicable is the Evening rate, unless a lower rate would normally apply.

Dial Station

Only initial minute and additional minute rates apply.

(e) Service Charges

Customer Dialed Calling Card Station, per call	\$.75	(X)
Operator-Station, per call	\$2.50	
Person-to-Person, per call	\$3.00 All mileages	(X)

(13) Charges Paid for by Coin Deposits in a Public or Semi-Public Coin Telephone

The charge for a call paid for by coin deposit in a public or semi-public coin telephone is the sum, rounded to the nearer multiple of \$.05, of the appropriate initial minute rate and additional minute charges.

(14) Call Forwarding

Charges

The charges for forwarded calls may be comprised of three charges: two separate message charges; a charge for that portion of the call from the originating station to the call forwarding location, if applicable, (ii) the Dial Station charge for that portion of the call from the call forwarding location to the terminating station designated by the Customer, and (iii) a monthly and a non-recurring charge for Call Forwarding or Remote Call Forwarding provided by the Telephone Company as set forth in the Telephone Company's Local General Services Tariffs.

(X) Issued under authority of the Federal Communications Commission's Fifth Report and Order, FCC No. 99-206, released August 27, 1999, to remove rate elements from the Price Caps Interexchange Services basket.

(This page filed under Transmittal No. 1198)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(C) Rate and Charge Application (Cont'd)

(14) Call Forwarding (Cont'd)

The respective charge for each such portion (i), (ii), shall be either the rate specified in this tariff or the rate specified in the Local General Services Tariffs or the appropriate intrastate message telecommunications service tariff of the Telephone Company, which is applicable for the type of call involved in each portion of the forwarded call.

On a Person-to-Person, Operator Station or Customer Dialed Calling Card Station call other than collect, the originating subscriber is charged the respective Person-to-Person, Operator Station or Customer Dialed Calling Card Station rate for the portion covered in (i) preceding. The charge for the portion of the call described in (ii) preceding is the Dial Station rate and charged to the call forwarding Customer.

On a collect call placed to a call forwarding directory number, the collect charges apply to the portion of the call between the rate center of the originating number and the rate center of the call forwarding location, but the portion between the rate center of the call forwarding location and the terminating rate center of the Customer will be billed at the Dial Station rate.

On a Person-to-Person or collect call that is not accepted the terminating subscriber will be charged the Dial Station rate in effect for the portion of the call described in (ii) preceding.

(D) Promotional Offerings

A Promotional Offering is a special arrangement presented to prospective Customers as an inducement to use a Telephone Company service. The offering will be limited to certain dates, times and/or locations. The specific terms and conditions applicable to each Promotional Offering will be filed through the use of a Supplement to this tariff no later than 10 days after the end of the month in which a Promotional Offering takes place.

(E) Directory Assistance Charge

Applies to all calls made from points within the Corridor to the appropriate interstate Directory Assistance. Up to two requests may be made on each call to Directory Assistance. The Directory Assistance Charge applies whether or not the Directory Assistance bureau furnishes the requested telephone number(s) (e.g., where the requested telephone number is unlisted, non-published or no record can be found). Directory Assistance personnel cannot complete a call to a requested telephone number. A Complimentary Call Allowance may apply as specified in (2) following.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(E) Directory Assistance Charge (Cont'd)

Operator Service Charges (i.e., Operator Station, Customer Dialed Calling Card Station) do not apply to calls to Directory Assistance. Person-to-Person or Collect Calls to Directory Assistance are not permitted.

(1) Rate

per call - \$.60

(2) Complimentary Call Allowance - Directory Assistance

Customers will be entitled to up to two free Directory Assistance calls per billing period for each main billed account when at least the same number of interstate CMTS calls provided by this Company are also billed to that main billed account during that billing period. Calls to Directory Assistance, or CMTS calls originated at a public or semi-public coin phone for which the charges are paid by depositing coins, or CMTS calls originated at and charged to a hotel, motel, or hospital guest extension are not counted for purposes of determining the Complimentary Call Allowance. The Complimentary Call Allowance will be determined at the end of the billing period and will be applied to the Customer's bill for that billing period. A Complimentary Call cannot be carried forward for application to the next bill or applied retroactively to a previous bill.

(3) Handicapped Exemption - Those handicapped Customers who qualify for exemptions from local Directory Assistance charges under Local General Services Tariffs, or in the absence of a local Directory Assistance charge plan, receive special rates on other Local General Services Tariffs, are exempted from the interstate Directory Assistance Charge. This exemption applies only to calls to Directory Assistance which are billed to the handicapped Customer's residence telephone number.

(4) Credit - A credit will be given for calls to Directory Assistance when:

- the Customer experiences poor transmission or is cut-off during the call,
- the Customer is given an incorrect telephone number, or
- the Customer inadvertently misdials (e.g., the caller dialed 202-555-1212 when they intended to dial 201-555-1212).

To receive the credit the Customer must notify a Company operator or Business Office of the problem experienced.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(F) Optional Calling Plans

Optional Calling Plans are offered by Bell Atlantic - New Jersey, Inc. with the Corridor Service Area(s) where required billing capability exists. The minimum payment period for such plans is one month. (T)

(1) Option I ("Extra Savings Plan")

This optional calling plan offers a participating Customer the option of paying a monthly charge to obtain a cumulative total of one hour of calling time per month for Dial Station calls within the Corridor Service Area(s). Rates apply without restriction to time-of-day or day-of-week. The Customer may place as many calls from each Main Billed Account during a month as desired to accumulate the time used. The duration of a call which involves a fractional part of a minute will be rounded up to the next higher full minute. If more than one hour of cumulative calling time is used, the additional time will be totalled and rated using the additional hour rate specified in (3)(a) following. When the additional time is less than a full hour, the charge will be the proportionate fraction of the time used multiplied by the additional hourly rate.

(a) Application of Charges

This optional calling plan is charged at recurring charges only under a Residence or Business rate schedule. Recurring charges consist of a Monthly charge and an Hourly charge. The Monthly charge applies whether or not the Customer makes any calls.

The Hourly charge applies to all calls in excess of the initial one hour of calling time.

Participating multiline Customers in this optional calling plan will be billed one recurring charge for all lines associated with the Main Billed Account. Hours of usage from all lines will be accumulated and billed as if the multiline Customer were a single line account.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(F) Optional Calling Plans (Cont'd)

(1) Option I ("Extra Savings Plan") (Cont'd)

(a) Application of Charges (Cont'd)

When the billing date and the date that this optional calling plan is subscribed to, changed or disconnected do not coincide, charges which are based upon monthly rates, will be adjusted to reflect the fractional part of the month service is provided. In such cases, the initial hour of calling time will also be adjusted for the fractional part of the month that service was furnished. For billing purposes each month is considered to have 30 days.

(2) Option II ("Volume Savings Plan")

This optional calling plan offers a participating Customer the option of paying a monthly charge to obtain the discount specified in (3)(b) following applied to the rates set forth in 3.1.C.7.a. preceding for all Dial Station calls made during all rate periods (Day, Evening, Night & Weekend) within the Corridor Service Area(s).

(a) Application of Charges

This optional calling plan has both recurring and non-recurring charges. The recurring charge is due monthly and applies whether or not the Customer makes any calls.

The non-recurring charge for this optional calling plan is a service order charge which is applied when this optional calling plan is initially furnished. The service order charge will not apply for orders received within 90 days after this optional calling plan becomes available within the Corridor Service Areas.

A single monthly recurring charge will apply for all lines associated with a multiline Main Billed Account. This optional calling plan, when selected by the Customer, applies to all lines associated with a Main Billing Account.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(F) Optional Calling Plans (Cont'd)

(2) Option II ("Volume Savings Plan") (Cont'd)

(a) Application of Charges (Cont'd)

All Day, Evening, and Night and Weekend rate period call charges will be totalled for the monthly billing period. That total will be discounted by the additional 15% discount specified in (3)(b) following to determine the monthly charge to the Customer.

When the date that this optional calling plan is subscribed to, changed, or discontinued does not coincide with the billing date, charges which are based upon monthly rates will be calculated to reflect the fractional part of the month service is provided. For billing purposes each month is considered to have 30 days.

When the billing date does not coincide with the date that this optional calling plan is subscribed to, changed or discontinued, the charges for all calls will be totalled for the fractional part of the month that the service was furnished. That total will be discounted by the additional discount specified in (3)(b) following to determine the charge to the customer.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(F) Optional Calling Plans (Cont'd)

(N)

(4) Consumer Opportunity Savings Plan

This Optional Calling Plan is available only as a Corridor service. The minimum payment period for this plan is one month.

This plan, available only to Residence customers, allows a participating customer the option of obtaining special rates for all Dial Station calls. Customers choosing to participate in this service must call their local Residence Service Center.

When the customer's total direct dialed toll usage revenue reaches a level of \$20.00 or more during a monthly billing period, a 20% discount will be applied to the customer's total direct Dial Station toll usage.

The 20% discount as specified in this tariff will only apply to the customer's Corridor usage. For example, a customer's total direct dialed toll usage (Corridor and Intrastate IntraLATA) is \$60.00 for a given thirty day billing period. \$40.00 of usage is Corridor and \$20.00 of usage is Intrastate IntraLATA. The 20% discount will be applied to the \$40.00 Corridor usage for that thirty day billing period.

This optional calling plan applies to all Residence lines associated with a Main Billing Account. Usage from all Residence lines will be accumulated and billed as if a multiline Customer were a single account.

(4) Consumer Opportunity Savings Plan (Cont'd)

For billing purposes each month is considered to have 30 days. When the date that this optional calling plan is subscribed to, changed or discontinued does not coincide with the billing date, charges which are based upon monthly rates will be calculated to reflect the fractional part of the month service is provided. That total will then be discounted 20% to determine the charge to the customer.

Types of calls excluded from this optional calling plan include:

- Conference Service calls
- Operator dialed calling card station, Operator station, Person-to-Person, Collect, Third Number Billed, or other calls requiring operator handling
- 900 and 700 Service calls
- 976 Service calls
- Directory Assistance
- Connect Request
- Busy Line Verification
- Time of Day (0)
- Emergency Interrupt
- Measured Local Use Calls
- Local Calling Card Calls
- Toll Calling Card Calls
- Handicap Dual Party Relay

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(F) Optional Calling Plans (Cont'd)

(5) Business Corridor Optional Calling Plan

(A) General

The Business Corridor Optional Calling Plan (the "Plan") provides business customers with reduced rates for Interstate directly dialed station-to-station toll calls from the New Jersey counties of Bergen, Essex, Hudson, Passaic, and Union (LATA 224) to the New York LATA 132 (i.e., the 212, 347, 646, 718, or 917 NPAs) and from the New Jersey counties of Burlington, Camden, and Gloucester (LATA 222) to the Pennsylvania counties of Buck, Chester, Delaware, Montgomery, and Philadelphia (LATA 228).

Under the Plan, customers are eligible for a month-to-month volume discount based on actual monthly qualifying usage.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Corridor Service - Schedule I (Cont'd)

(F) Optional Calling Plans (Cont'd)

(5) Business Corridor Optional Calling Plan (Cont'd)

(A) General (Cont'd)

Only billing telephone numbers (BTN) provided and billed by the Telephone Company are qualified for inclusion in this Plan. The ordering customer and another customer(s) under common ownership with the ordering customer may choose to combine BTNs under a single Plan to maximize their monthly volume discount. The ordering customer must provide a written list of BTNs to the Telephone Company. The ordering customer will be considered to be under common ownership with another customer if the ordering customer (directly or indirectly) owns or controls, or is owned or controlled by, or is under common ownership or control with, the other customer. For these purposes, the term "own" means to own an equity interest (or the equivalent thereof) of more than fifty (50) percent.

The ordering customer may request changes to the BTN list at any time by written request to the Telephone Company.

The Plan includes the Telephone Company's provisioning of Corridor Selection Service (CSS), which allows Plan customers to complete calls within the Corridor areas described above where facilities permit. CSS is an umbrella term that includes any service that eliminates the need for customers to dial the Corridor Dial-Around Code or any other access code in order to complete a Corridor Call. CSS includes, but is not limited to, the provisioning of Automatic Corridor Service (ACS), programming or re-programming of Centrex Automatic Route Selection (ARS), Virtual Private Network (VPN) Routing Control, or Stand Alone Routing Control. CSS will always provide transparent access for customers placing calls within the Corridor areas. The Telephone Company will provide CSS as a free service with no monthly or non-recurring charges.

As an alternative, to complete a call under the Plan, the person originating the call can dial a uniform 7 digit access code in the form 1010BPA (1010652) before dialing the desired telephone number.

(B) Rate Regulations

- (1) Only directly dialed station-to-station calls that originate from the subscriber's telephone(s) are included in the Plan. Directory Assistance, Operator-Assisted, and Customer Dialed Calling Card calls are not included.
- (2) Evening and Night rate period discounts do not apply to calls in the Plan.
- (3) The Plan is furnished for a minimum period of one month.
- (4) A customer may subscribe to the Plan for each separately billed telephone number or a combination of BTNs as described previously.
- (5) Each call placed under the Plan will be counted as a minimum of one (1) minute of usage. Additional usage will be rounded up to the next six-second increment.

(6) Bell Atlantic Calling Card Credit

(M)

The Calling Card Credit service allows a participating customer the option of obtaining credits for calls made using the Bell Atlantic Calling Card. This service is available to all New Jersey residential customers who respond to a direct mail piece or who request to participate by contacting their Residence Service Center.

Customers who qualify will receive a credit for Calling Card calls placed over the Bell Atlantic network. Customers will receive a dollar credit equal to billed charges on their Calling Card calls up to the maximum shown below.

A qualifying customer is any customer with residential service in the New Jersey serving area who elects to request this service, obtains or has a Bell Atlantic Calling Card, and uses the Bell Atlantic Calling Card to complete at least one Corridor toll call over Bell Atlantic's network during the service period.

This credit offer is based on total usage charges, both interstate and intrastate intraLATA MTS, except where an intrastate tariff provides for such a credit offer, in which case the intrastate usage will be applied to the intrastate offer for purposes of applying a credit.

	<u>Maximum Applicable Credit</u>
New Jersey	\$6.31

This offering expires July 31, 1996.

(F) Optional Calling Plans (Cont'd)

(7) Calling Card and Collect Single Rate Service

(N)

(a) General

Calling Card and Collect Single Rate Service is an optional station-to-station service where the customer dials a special access number and then follows instructional prompts to complete a Calling Card Customer-Dialed or Collect Customer-Dialed Interstate IntraLATA toll call without the aid of an operator.

(b) Regulations

- (1) For each completed Calling Card Customer-Dialed call, the customer will be billed the applicable call surcharge and per minute rate as specified in (c) following.
- (2) For each completed Collect Customer-Dialed call, the following applicable per call surcharge and per minute rate as specified in (c) following will be billed to the called party's designated line after acceptance of the collect call.

(c) Rates and Charges

The following rates are applicable at all times.

	<u>Per Call Surcharge</u>	<u>Per Minute</u>
(1) Calling Card Customer-Dialed	\$0.75	\$0.15
(2) Collect Customer-Dialed	1.75	0.15

(G) Bell Atlantic Prepaid Calling Card Service

(T)

General

Bell Atlantic Prepaid Calling Card Service provides additional payment options to customers who need to make calls within and outside of the Corridor. The prepaid Card will be used for toll calls and can be used at any phone with touch tone capabilities. Customers will be able to purchase the prepaid Card from various retail outlets throughout the Bell Atlantic region. All InterLATA toll calls will be carried by the selected Interexchange Carrier ("IXC"). Bell Atlantic will negotiate in a nondiscriminatory manner with all IXCs who wish to provide service for calls made using the Bell Atlantic Prepaid Calling Card Service. The prepaid Card will be available in \$5, \$10, and \$20 denominations.

(T)

(T)

(T)

(T)

Service Description

In order to activate the prepaid Card, customers should refer to the set of instructions contained on each card purchased. The customer will be instructed to dial a designated 800 number, the specified card authorization code found on the card, and the desired telephone number. Voice prompts will instruct the customer if any of the numbers entered are invalid. Once the system confirms that all of the numbers are valid, the call will be processed. At the start of the call, the customer will be advised of the time available on the card. The time available on the card will decrease automatically during the call at the established rate per minute. The customer will be given a "one minute warning" indicator that the card is only valid for approximately one additional minute. Customers can combine minutes from partially used cards to ensure that the entire value of the card is consumed. The call will be terminated when the value of the card is exhausted. At that time, customers may choose to end the call or elect to combine the value of partially used cards to continue the call. Voice prompts will instruct the customer as to the proper method of combining cards.

(T)

The rate for the Bell Atlantic Prepaid Calling Card Service will apply to all applicable minutes regardless of the time of the call.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.4 Public Land Mobile Radiotelephone Service (Cont'd)

3.4.1 Through Base Stations of Bell Atlantic - New Jersey, Inc.

(A) Application

- (1) Two-way communication service is furnished through radiotelephone Base Stations listed in (C)(3) (Corridor Stations) following, between a vehicle and a point located outside the land mobile service area associated with such Base Station, between two vehicles served through Base Stations having different rate centers or between a vehicle served through a Base Station and a ship or aircraft served through another land radiotelephone station.
- (2) Public Land Mobile Service is available to vehicles equipped for this service when within range of a Base Station through which such service is furnished. Service is furnished subject to transmission, atmospheric and like limitations.

This service is also available through a Base Station, between a point or vehicle and another station, hereinafter called an "Other Station" which is authorized by the Federal Communications Commission to communicate with the Base Station, or between two "Other Stations" so authorized.

In the application of regulations and rates, stations other than vehicles which are authorized by the Federal Communications Commission to communicate with a Base Station are considered as vehicles.

- (3) The services offered are those referred to in (B)(1) and in (B)(2) following.

(B) Mileage Measurements - Rate Determination

- (1) Rates for service as set forth in (a) and (b) following are based on air line mileage between rate centers or mileage rate bands. Obtain Central Office Codes and V-H coordinates for Base Station rate centers by reference to American Telephone and Telegraph Company, Long Line Department Tariff F.C.C. No. 10.

(C) Rate and Charge Application

(1) Rates for the mileage or mileage rate band obtained as set forth in (B)(1) preceding between the applicable rate center or the point in the Corridor and the rate center of the serving Base Station or between the rate centers of two Base Stations in the Corridor are determined as specified in (a) or (b) following. Regulations applicable are those specified in 3.1 (Corridor Service) preceding as appropriate.

(a) The rates, according to the connection established, apply as specified in the rate tables for

- Corridor Service under 3.1(C)(7), of this tariff for service as set forth in (B)(1)(a) and (b) preceding.

(2) Charges

(b) For Calls Involving Transient Land Mobile Units

When the service connection involves a call to or from a transient land Mobile Unit and requires the assistance of an operator, the Operator Station or Person-to-Person rate shall apply as applicable. When the call is placed without the assistance of an operator the Dial Station rate shall apply.

(c) For Calls Involving Base Stations Prefixed by an Asterisk

For calls to or from a mobile station served through a base station prefixed by an asterisk (*) (listed in (3) following), in addition to the charges specified in this tariff, the mobile usage charge listed in the Exchange Mobile Service Tariff of the Telephone Company will apply. Such mobile usage charges will be billed to and collected from the mobile Customer.

3.4 Public Land Mobile Radiotelephone Service (Cont'd)

3.4.2 Through Miscellaneous Common Carriers (as defined in Part 22 of the F.C.C. Rules)

(A) Applications

- (1) Service is available to and from customers of the miscellaneous common carriers through connecting facilities provided by the Telephone Company in accordance with the provisions set forth in (A)(2) through (A)(6) following.
- (2) Rates between the rate center applicable to the miscellaneous common carrier and the applicable rate center of the point or applicable mileage rate band are those set forth in 3.1 (Corridor Service) as appropriate. Additional charges, which the miscellaneous common carrier bills to and collects from its customers, are applicable to the remainder of the haul.

Central Office Codes and V-H coordinates for the rate centers applicable to the miscellaneous common carrier can be obtained by reference to AT&T Communications Tariff F.C.C. No. 10.

(C)

- (3) Subject to the availability of facilities and the reasonable requirements of the Telephone Company for its telecommunications services, the Telephone Company will, at the miscellaneous common carrier's request, extend and physically connect its facilities with those of the miscellaneous common carrier for the purpose of interchanging interstate traffic in connection with the miscellaneous common carrier's Domestic Public Land Mobile Radio Services (as defined in Part 22 of the FCC Rules). Such connection and interchange of interstate traffic shall be as follows:

(a) Two-Way Mobile Traffic

The Telephone Company will extend and connect its facilities between any telephone exchange whose rate center is located in the miscellaneous common carrier's Reliable Service Area (as defined in Part 22 of the FCC Rules) and the miscellaneous common carrier's control point(s) or communications system serving that Reliable Service Area.

(b) One-Way Signaling Traffic

The Telephone Company will extend and connect its facilities between any telephone exchange within which a signaling receiver is served by the miscellaneous common carrier's system and the miscellaneous common carrier's control point(s) or communications system serving that system.

3.4.2 Through Miscellaneous Common Carriers (as defined in Part 22 of the F.C.C. Rules) (Cont'd)

(A) Application (Cont'd)

- (4) The facilities provided for connection and interchange of traffic shall not be used, switched or otherwise connected together by the miscellaneous common carrier for the provision of through calling from a landline telephone to another landline telephone, nor shall they be switched or otherwise connected together by the miscellaneous common carrier for the provision of through calling from a landline or mobile unit located in one Reliable Service Area (as defined in Part 22 of the FCC Rules) to a landline telephone or mobile unit in another Reliable Service Area (as defined in Part 22 of the FCC Rules).
- (5) Specific administrative procedures, connection and operating arrangements and charges for the facilities provided by the Telephone Company to the miscellaneous common carrier for the purpose of connection and interchanging traffic are as set forth in various intercarrier agreements between the Telephone Company and the miscellaneous common carriers or in the Local General Services Tariffs of the Telephone Company as appropriate. Where the state franchise area or state authorization of the miscellaneous common carrier is different than the Reliable Service Area (as defined by Part 22 of the FCC Rules), the terms and conditions of connection and interchange of traffic may be modified to recognize the extent of such state franchise or authorization.
- (6) The connection and interchange of traffic as set forth in (A)(1) through (A)(5) preceding does not constitute a joint undertaking with the miscellaneous common carrier for the furnishing of any service.

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

4. SERVICE CLASSIFICATIONS AND RATES (CONFERENCE) (Cont'd)

4.1 Conference Service

(A) Definition

- (1) Conference Service is the furnishing of CMTS for telecommunications among an originating station and two or more stations when at least one of the stations is in different local service area than the originating station. In addition to the regulations in 2. and 3. preceding, the following apply:
- (2) Conference service is not available in connection with:
 - Radio telephone units served through:
 - Coastal Harbor Service and VHF Service stations of Other Participating Carriers
 - Air-Ground Service Stations

(B) Conditions Under Which Service is Furnished

- (1) Service is furnished subject to the availability of the service components required.
- (2) All stations, on a conference connection may be so interconnected that each may communicate with all the others, or one station may be the transmitting station and all others receiving stations.
- (3) Service is offered to a specified person or station.
- (4) An operator, upon request, will attempt to arrange for the establishment of a conference call at a specified time.

(C) Rate and Charge Application

CMTS rates apply for two-point service between any two points on a conference call, as set forth in (D) following.

(1) Timing of Messages

- (a) Chargeable time begins when connection is established between all the stations on the conference.
- (b) Chargeable time ends on a given two-point connection of a conference call when the connection is terminated by the originating station or the called station.

(*) This page in its entirety is being filed under authority of Special Permission No. 94-356 of the Federal Communications Commission.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

4. SERVICE CLASSIFICATIONS AND RATES (CONFERENCE) (Cont'd)

4.1 Conference Service (Cont'd)

(C) Rate and Charge Application (Cont'd)

(2) Billing Arrangements

Charges for conference calls are billed in total only and may be billed to the originating station, a calling card or a designated station, provided:

- (a) The total charge will be billed to one station.
- (b) The charge is accepted at the designated station.
- (c) The originating station and the designated station are located in the Corridor.

(D) Rates and Charges

(1) The rates for a conference call are as follows:

- (a) The charge is the sum of:
 - (i) the two-point initial minute and additional minute charges determined in accordance with 3. preceding for a call between the originating station and each called station on the conference, (for calls between the originator and a called station in the same local service area, the charge for a one mile call determined in accordance with 3. preceding applies), and
 - (ii) a service charge of \$3.00 to each called station.

(This page filed under Transmittal No. 641)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

4. SERVICE CLASSIFICATIONS AND RATES (CONFERENCE) (Cont'd)

4.2 Dial Conference Service

(A) Application

Dial Conference Service is a communications service furnished between a calling station and two or more called stations. Such stations are connected together by means of a local exchange dial conference arrangement. This service is limited to only stations that are direct dialed from the calling station.

(B) Rate and Charge Applications

Charges for services are the sum of (1) and (2) following:

- (1) The rate for each two-point interstate connection is the appropriate dial station rate as set forth in this tariff.
- (2) Rates for the appropriate dial conference connection and each two-point connection within the state where the call originates are those rates as set forth in the appropriate intrastate tariffs.

(C) Timing of Messages

- (1) Chargeable time begins for each individual two-point connection at the time the two-point connection is established.
- (2) Chargeable time ends for each individual two-point connection when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends for each individual two-point connection when each network connection is released by automatic timing equipment in the telephone network.

(D) Reversal of Charges

Collect calls are not permitted.
