## INTERSTATE INTRALATA MESSAGE TELECOMMUNICATIONS SERVICE

2. Regulations2.1 Undertaking of the Telephone Company2.1.1 Scope

- (A) Interstate IntraLATA Message Telecommunications Service (IIMTS) is the furnishing of those service components required for telecommunication between stations in different local services areas within the same LATA in accordance with the regulations and system of charges specified in this tariff. The message charges specified in this tariff are in payment of Interstate IntraLATA Message Telecommunications Service furnished between the calling and called stations.
- (B) The Telephone Company does not undertake to transmit messages but furnishes the use of its service to its customers for telecommunications.
- (C) The design, maintenance and operation of Interstate IntraLATA Message Telecommunications Service envisions that communications will originate or terminate at a station of the associated exchange telephone service used for IIMTS.

2.1.2 Limitations on Duration of Connections

The Telephone Company reserves the right to limit the duration of connection when necessary because of a shortage of service components caused by emergency conditions.

2. Regulations (Cont'd)2.1 Undertaking of the Telephone Company (Cont'd)2.1.3 Liability

- (A) In view of the fact that the Customer has exclusive control of his communications over the service furnished him by the Telephone Company, and of the other uses for which service may be furnished him by the Telephone Company, and because of the unavailability of errors incident to the use of such service of the Telephone Company, the services furnished by the Telephone Company are subject to the terms, conditions, and limitations specified, in (B), (C) and (D) following.
- (B) The Telephone Company's liability, if any, for its willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or by any others, for damages associated with any aspect of the provision of service (including the failure to reach a call station), and subject to the provisions of (C) through (E) following, the Telephone Company's liability, if any, shall not exceed an amount equal to the initial period charge applicable for such a message to the called station. This liability shall be in addition to any billing adjustments that may otherwise be appropriate.

2. Regulations (Cont'd)2.4 Rate Determination2.4.1 Time of Day and Day of Week

The rate charges is determined by the day and time (standard or daylight savings) at the rate center of the calling station.

2.4.2 Class of Service

For the purpose of rate application, one of the following classes of service may apply to a given call:

(A) Station-to-Station

There are three types of Station-to-Station calls:

- (1) The Dial Station class of service applies when the person originating the call dials the telephone number desired without the assistance of an operator and the call is billed to the calling station. It does not include calls from public or semi-public coin telephone. Dial Station rates also apply when:
  - (a) An operator records the calling station number where no automatic recording equipment is available.
  - (b) A call is forwarded by Call-Forwarding equipment.
  - (c) An operator reaches the called station because of trouble on the network.

2. Regulations (Cont'd)2.4 Rate Determination (Cont'd)2.4.2 Class of Service (Cont'd)(A) Station-to-Station (Cont'd)

- (2) The Operator Station class of service applies when calls are completed with the assistance of a Telephone Company operator except as specified for the Dial Station or Customer Dialed Calling Card Station classes of service. Operator Station service includes messages originated at a public or semi-public coin telephone. Also included in the operator station class are calls billed to a different telephone number (e.g., collect, bill to a third number) or a calling card.
- (3) The customer Dialed Calling Card Station class of service applies when the person originating the call:
  - (a) dials the digit zero, plus the telephone number, plus a calling card number (where equipment is available) to complete the call without operator assistance, or
  - (b) dials the digit zero, plus the telephone number (0 + number) to complete the call. In such cases operator assistance is limited to recording the calling card number for billing purposes, or
  - (c) dials the Telephone Company operator and places a calling card Station-to-Station call when equipment capability precludes either of the foregoing.

## INTERSTATE INTRALATA MESSAGE TELECOMMUNICATIONS SERVICE

2. Regulations (Cont'd)2.4 Rate Determination (Cont'd)2.4.2 Class of Service (Cont'd)(B) Person-to-Person

The Person-to-Person class of service applies when the person originating the call specifies the particular party to be reached by the operator. That party may be:

- (1) A person.
- (2) A mobile station through an attendant.
- (3) A station, department, or office through a PBX attendant.

After the called station has been reached, if the calling party requests or agrees to speak to a party other than the party initially specified, the call is still classified as Person-to-Person. The calling party is responsible for identifying the party at the called station.

Person-to-Person also applies when the call originator requests an operator to make arrangements with a called party to establish a call at a specified time.

2. Regulations (Cont'd)2.4 Rate Determination (Cont'd)2.4.3 Timing of Messages

Chargeable time includes the initial period plus the additional period if any, and is determined as follows:

- (A) When a message is established in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the message occurring within that rate period. In the event, that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.
- (B) On all calls, other than Person-to-Person, chargeable time begins when connection is established between the calling station and the called station, PBX or mobile radio system for Public Land Mobile Service.
- (C) On Person-to-Person messages, chargeable time begins when connection is established between the calling person and a specified person, station, department, office or an agreed-upon alternate.

## INTERSTATE INTRALATA MESSAGE TELECOMMUNICATIONS SERVICE

2. Regulations (Cont'd)2.4 Rate Determination (Cont'd)2.4.3 Timing of Messages (Cont'd)

- (D) Chargeable time ends when the calling station "hangs up". If the called station "hangs up" but the calling station does not, chargeable time ends when the connection is released either by automatic timing equipment in the telecommunications network or by the Telephone Company operator.
- (E) Chargeable time does not include time lost because of service faults or defects that are reported to the Telephone Company.
- (F) When exchange telephone service used for Interstate IntraLATA Message Telecommunications Service is directly connected to a customer provided communications system at a Customer's premises, chargeable time for all classes of service begins when a call from the telecommunications network terminates in or passes through the first customer equipment on the customer provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of connection with the exchange telephone service so that chargeable time may begin.

3. Service Classification and Rates Two-Point (Cont'd)3.1 Interstate IntraLATA Service - Schedule I(A) Application

Service between two point in the LATA is furnished as set forth in 3.1(B) following.

(B) Mileage Measurement(1) Mileage Determination

Rates for service between points in the LATA are based on the airline mileage between rate centers which are listed below:

Airline mileage between rate centers are determined as provided in the National Exchange Carrier Association (NECA F.C.C. No. 4.

In general, each point in the LATA is designated as a rate center except that certain small towns or communities are assigned adjacent rate centers with which they are closely associated for communication purposes or by community of interest and in a few of the largest cities there are several rate centers further identified as city zones.

(a) Where a Point is Divided into City Zones

- The rate airline mileage is measured between the rate center of the other point, except that when such mileage exceeds 40 miles, the rate airline mileage is measured between the rate center of the master zone and the rate center of the other point with a minimum of 41 miles being applicable.

Initial minute and additional minute rates apply in addition to a Service Charge.

(e) Service Charge

A Service Charge applies to each Customer Dialed Calling Card Station, Operator Station or Person-to-Person call. This charge is added to the initial minutes and additional minutes charges.

(i) Discounts do not apply to the Service Charge.

(f) Discounts

Discounts for the Evening, Night & Weekend reduced rate periods stated in the Rate Tables are expressed as a percent reduction of the charge calculated at the rates for initial minutes and additional minutes. They are applied to that portion of the messages occurring within the rate discount periods in the tables.

(i) For all classes of service the discount is applied only to the sum of the initial minutes and additional minutes charges. The discount is computed separately for charges in each rate period and the results are then totaled.

(ii) When application of the discount results in a fractional charge, the amount will be rounded down to the lower cent.

3. Service Classifications and Rates Two-Point (Cont'd)3.1 Interstate IntraLATA Service - Schedule I (Cont'd)(C) Rate and Charge Application (Cont'd)(6) Charges Paid for by Coin Deposits in a Public or Semi-Public Coin Telephone

The charge for a call paid for coin deposit in a public or semi-public coin telephone is the sum, rounded to the nearest multiple of \$.05, of the appropriate initial period rate and additional period charges.

Payphone Use Charge

The Payphone Use Charge is a rate element that applies to completed non-sent paid calls originated from payphones. The charge is a cost recovery mechanism that permits the Local Exchange Carrier to recover the cost of per-call compensation to Payphone Service Providers from the end user.

Payphone Use Charge \$0.30

(7) Call ForwardingCharges

The charge for forwarded calls may be comprised of three charges:  
two separate message charges; (i) a charge for that portion of the call from the originating station to the call forwarding location, is applicable, (ii) the Dial Station charge for that portion of the call from the call forwarding location to the terminating station designated by the Customer, and (iii) a monthly and a non-recurring charge for Call Forwarding or Remote Call Forwarding provided by the Telephone Company as set forth in the Telephone Company's General and Local Exchange Service Tariff.

The respective charge for each such portion (i), (ii), shall be either the rate specified in this tariff or the rate specified in the Exchange Service Tariff or the intrastate message telecommunications service tariff of the Telephone Company, which is applicable for the type of call involved in each portion of the forwarded call.

3. Service Classifications and Rates Two-Point (Cont'd)3.1 Interstate IntraLATA Service - Schedule I (Cont,d)(D) Directory Assistance Charge (Cont'd)

A Directory Assistance Charge will be the only charge applied to a call to Directory Assistance. Operator Service Charge (i.e., Operator Station, Customer Dialed Calling Card Station) do not apply to calls to Directory Assistance. Person-to-Person or Collect Calls to Directory Assistance are not permitted.

Rate - per call \$ .50

(1) Handicapped Exemption - These handicapped Customers who qualify for exemptions from local Directory Assistance charges under Local Exchange Company tariff(s), or in the absence of a local Directory Assistance charge plan, receive special rates on other Local Exchange Company Services, are exempted from the interstate Directory Assistance Charge. This exemption applies only to calls to Directory Assistance which are billed to the handicapped Customer's residence telephone number.

(2) Credit Allowance - A credit will be given for calls to Directory Assistance when:

- the Customer experiences poor transmission or is cut-off during the call.
- the Customer is given an incorrect telephone number, or
- the Customer inadvertently misdials (e.g., the called dialed 202+555-1212 when they intended to dial 201+555-1212).

To receive the credit allowance, the Customer must notify a Company operator or Business Office of the problem experienced.
