3. Service Classification and Rates (Cont'd)3.1 Interstate Intra-Market Area Service (Cont'd)3.1.2 Rate and Charge Application (Cont'd)(E) Call Forwarding(1) Charges (Cont'd)

The respective charge for each such portion (i), (ii), preceding is dependent upon the jurisdiction of that portion. Where the call(s) is furnished via the Telephone Company's switched network, for each interstate Intra-Market Area call, the rates specified in this tariff apply; for each interstate call, the rates specified in the interstate LDMTS tariff of the carrier providing the service would apply.

On a Person-to-Person, Operator Station or Calling Card Station call other than collect, the originating subscriber is charged the respective Person-to-Person, Operator Station, or Calling Card Station rate for the portion covered in (i) preceding. The charge for the portion of the call described in (ii) preceding is the Dial Station rate and charged to the call forwarding Customer.

On a collect call placed to a call forwarding directory number, the collect charges apply to the portion of the call between the rate center of the originating number and the rate center of the call forwarding location, but the portion between the rate center of the call forwarding location and the terminating rate center of the Customer will be billed at the Dial Station rate.

On a Person-to-Person or collect call that is not accepted the terminating subscriber will be charged the Dial Station rate in effect for the portion of the call described in (ii) preceding.
