July 1, 2002

Secretary
Federal Communications Commission
Washington, DC 20554

Attention: Common Carrier Bureau

On June 17, 2002, Sprint LTC filed Transmittal No. 200 proposing an exogenous cost adjustment to price cap indices for costs imposed on Sprint by the mandated implementation of thousands-block number pooling.¹ AT&T Corp. (AT&T) and Worldcom, Inc. (WorldCom) filed petitions opposing Sprint's Transmittal No. 200.

On June 28, 2002, Sprint made several attempts to transmit its reply to the AT&T and WorldCom petitions via the Commission's Electronic Tariff Filing System (ETFS). Unfortunately, Sprint was unable to successfully "log on" due to ETFS system downtime, and Sprint's reply was instead delivered by hand to the Secretary. Therefore, in order to ensure that complete and accurate information is available via ETFS in support of Transmittal No. 200, Sprint is now submitting its reply supporting the thousands-block number pooling adjustments.

All correspondence and inquiries in connection with this filing should be addressed to Mr. Pete Sywenki, Director - Federal Regulatory Relations, for Sprint's Local Telecommunications Division, 401 9th Street, N.W., Suite 400, Washington, DC 20004, (202) 585-1921.

A handwritten signature in black ink that reads "Charlotte R. Graham".

Charlotte R. Graham
Manager - Federal Carrier Tariffs
