

**Ameritech Operating Companies  
Description and Justification  
July 31, 2002**

**PURPOSE**

The Ameritech Operating Companies (Ameritech) proposes to revise the 2002 Annual filing to reflect corrected demand and revenue data within the price cap model.

**DESCRIPTION**

The 2002 Annual Filing Tariff Review Plan (TRP) is being corrected to reflect revised special Access basket revenues due to calculation corrections within the High Cap & DDS category and to update a demand quantity in the Traffic Sensitive basket. No changes to tariffed rates are being made. All indices remain in compliance. Exhibit 1 details the necessary revisions. Exhibit 2.9 reflects adjusted Exogenous Cost.

A TRP is attached to provide the necessary support for the 2002 Annual Filing to demonstrate compliance in accordance with Parts 61.45(a), 61.46(a), 61.47(a), 61.47(b), and 61.47(e).

In addition, TRPs filed subsequent to the 2002 Annual Filing have been revised and are also attached. The original TRPs were filed in Transmittal 1309, Thousand Block Number Pooling, June 28, 2002 and Transmittal 1310, DS1 and DS3 Promotional Offering, July 16, 2002. All indices remain in compliance.
