ACCESS SERVICE

9. Advanced Communications Networks (Cont'd)9.4 Rate Regulations9.4.1 Rate Elements

A nonrecurring charge and a monthly rate apply for the installation of ADSL Service. A nonrecurring charge is also applicable when making changes, i.e., bandwidth, access provider, move.

ADSL Service is available in three service level packages, and is based on the "downstream and upstream" speeds chosen by the customer. A customer may select from multiple packages; however, the downstream and upstream speeds may not be substituted within a service level, as the packages are defined by the downstream and upstream speeds.

	<u>Downstream</u>	<u>Upstream</u>	
ADSL Tier 1	768 Kbps	128 Kbps	
ADSL Tier 2	1536 Kbps	256 Kbps	
ADSL Tier 3	1536 Kbps	768 Kbps	
ADSL Tier 4	256 Kbps	64 Kbps	(N)

Data speeds set forth above are peak speeds. Actual speeds may be affected by loop distance and other factors, therefore, are not guaranteed.

9.4.2 Term Discounts

ADSL Service may be ordered at the customer's option on a monthly rate basis or for Term Discount periods of 12 months (1 year) or 24 months (2 years).

The minimum service period on a monthly rate basis is one month and for all Term Discount plans is twelve months. The customer must specify the length of the service commitment period at the time the service is ordered.

For customers that subscribe to the Term Discount plan for 12 months or 24 months, the Term Discount Rates as set forth in 9.4 following will be frozen from Company initiated increases, for the entire discount period of the rates in effect at the beginning of the Term Discount period.

If a term discount rate decrease occurs during the term of an existing Term Discount plan, the decreased rate will be applied automatically to the remainder of the current Term Discount period.
