FACILITIES FOR INTERSTATE ACCESS

6. MISCELLANEOUS SERVICES (Cont'd)

6.10 Denial/Restoral Service

The Telephone Company will, upon request, provide Denial/Restoral service to ICs for those end users that have designated the IC as their primary interexchange carrier. Conditions regarding refusal or discontinuance of Denial/Restoral service are set forth in 2.1.8.

- (A) Denial/Restoral service provides for Telephone Company notification to an IC that an end user's local exchange service has been temporarily suspended due to non-payment of the end user's local exchange service. Subsequently, the Telephone Company will provide notification to the IC if the end user's service has been restored from temporary suspension.
- (B) Notification shall be provided via the Customer Account Record Exchange electronic interface.
- (C) The IC agrees to abide by all applicable rules, decisions, orders, statutes and laws concerning the disclosure of published and nonpublished telephone numbers, and further agrees to use the information provided by Denial/Restoral service only for the purposes of billing services provided to their end users.
- (D) A charge in (E) will apply to the IC for each notification per end user local telephone exchange service number provided to the IC.
- (E) Denial/Restoral Service
- per telephone number provided

Iowa Telecom	\$.10
Iowa Telecom Systems	\$.10

6.11 International Blocking Service

The Telephone Company, upon request, will provide end office blocking of only end user direct dialed 011+ and 101XXXX+011+ calls from an end user's location. This optional service is offered on a per line basis where facilities permit and is available for use with local residence and business exchange service offered in the Telephone Company's (C) general or local exchange tariff.

	Nonrecurring Charge (INTLBLK)
(GSEC) International Blocking Service, per line or trunk	
Iowa Telecom	\$19.95
Iowa Telecom Systems	\$19.95

6.12 Service Access Code 900 Blocking

Service Access Code 900 Blocking provides for the blocking of all calls originated to the 900 service access code. The service is provided upon request where facilities permit and is provided free of charge to customers for the first blocking request. For 900 blocking requests after the first request a nonrecurring charge is applicable per telephone number blocked. Customer requests to remove 900 blocking, i.e., to unblock the service must be in writing. There is no charge for unblocking.

	Nonrecurring Charge
Service Access Code 900 Blocking (per number blocked after the first request)	
Iowa Telcom	\$ 5.00
Iowa Telecom Systems	\$ 5.00

FACILITIES FOR INTERSTATE ACCESS

6. MISCELLANEOUS SERVICES

6.16 Service Provider Number Portability Fee

The Service Provider Number Portability (SPNP) Fee recovers the costs of implementing long-term number portability. The SPNP Fee shall be assessed to each end user in the 100 largest Metropolitan Statistical Areas (MSAs) and each end user served from a number-portability-capable wire center outside the 100 largest MSAs with the following exceptions:

- Each PBX Trunk shall be assessed nine (9) monthly SPNP Fees as calculated below
- Each ISDN PRI arrangement shall be assessed five (5) monthly SPNP Fees as calculated below
- Lifeline customers shall not be assessed the SPNP Fee

The SPNP Fee shall also be assessed to carriers that purchase Telephone Company unbundled switching ports and resellers of the Telephone Company's local service.

The Telephone Company shall recover the SPNP Fee for a five-year period from the initial billing implementation date after local number portability becomes available in an exchange (C)
(C)

Iowa Telecom	\$.36	\$3.24	\$1.80
Iowa Telecom Systems	\$.36	\$3.24	\$1.80

6.17 Payphone-Specific Coding Digits

The Telephone Company will equip local exchange telephone lines ordered by Payphone Service Providers (PSPs) from the Telephone Company's general and/or local exchange tariff with the capability to transmit three (3) payphone specific coding digits. The digits which will be transmitted to the Interexchange Carrier are: 27 for pay telephones requiring central office supervision, 29 for prison/inmate pay telephones, and 70 for pay telephones not requiring central office supervision. These digits will be transmitted via Flexible Automatic Number Identification (Flex ANI) to Interexchange Carriers who have trunks equipped with the Flex ANI optional feature as described in Section 4. The Interexchange Carriers will use this information to compensate the PSPs for subscriber 800 series calls, dial-around access code calls (e.g., 101XXXX) and any other calls placed from pay telephones and deemed compensable by the FCC.

b) Limited ADSL Promotion

During the period March 8, 2003, through September 8, 2003, unless sooner cancelled (C) or changed, a promotion will be offered to end user customers that subscribe to or upgrade to an ADSL Performance (512Kbps down and 256Kbps up) service level package. End user customers who sign a two-year contract will receive the ADSL Performance service level package for a monthly rate of \$25.00. The installation charge of \$75 will be waived for such customers. Existing end user customers that upgrade from an ADSL Basic or ADSL Plus service level package to the ADSL Performance service level package will be provided the package for a monthly rate of \$25.00. The upgrade customers will also be required to sign a two-year contract. The \$6.00 software change charge to upgrade their service will be waived. The upgrade will be allowed provided the ADSL channel interface and the CL remain the same. If the customer requests the discontinuance of the ADSL Performance service level package prior to the expiration date of the two year contract, termination liability charges will apply. The customer will be billed 50% of any remaining portion of the contract. This promotion is available on service orders placed during the promotional period, with service scheduled to begin within 15 days of the order date.
