INTERSTATE MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.2 Mileage Measurement (Cont'd)(A) Mileage Determination (Cont'd)

Airline mileages between rate centers are determined as provided in 2.1.8 of American Telephone and Telegraph Company, Long Lines Department Tariff F.C.C. No. 274 or successive issues thereof.

In general, each point in the LATA or corridor is designated as a rate center except that certain small towns or communities are assigned adjacent rate centers with which they are closely associated for communication purposes or by community of interest and in a few of the largest cities there are several rate centers further identified as city zones.

(1) Where a Point is Divided into City Zones

The rate airline mileage is measured between the rate center of the city zone and the rate center of the other point, except that when such mileage exceeds 40 miles, the rate airline mileage is measured between the rate center of the master zone and the rate center of the other point with a minimum of 41 miles being applicable.

(2) Where Both Points are Divided into City Zones

The rate airline mileage is measured between the rate centers of the city zones, except that when such mileage exceeds 40 miles, the rate mileage distance is measured between the rate centers of the master zone with a minimum of 41 miles being applicable.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.2 Mileage Measurement (Cont'd)(B) Rate Determination - Schedule I

Rates applicable for the mileages obtained are as provided in 3.1.3(F)(1) following.

3.1.3 Rate and Charge Application(A) Classes of Service

- (1) Service is offered on a Dial Station, Customer Dialed Calling Card Station, Operator Station, Person-to-Person, or Coin Telephone Station-to-Station Corrections Collect basis. (C)
(C)
- (2) In order to control fraud, the Company may refuse to accept Calling Cards which it determines to be invalid and/or may limit the use of Calling Cards to or from all or part of the interstate intraLATA areas and from the N.Y. portion to N.J. portion of the corridor.

(B) Initial Minute, Additional Minutes, Service Charges and Discounts

Rates are stated in terms of initial minute, additional minutes and service charges in the Rate Table in 3.1.3(F) following.

(1) Initial Minute

Initial minute rates are for connections of one minute or any fraction thereof.

(2) Additional Minutes

Additional minute rates are for each additional minute or any fraction thereof that the connection continues beyond the initial minute.

(3) Dial Station

Only initial minute and additional minute rates apply.

- (4) Customer Dialed Calling Card Station, Operator , Person-to-Person, and Coin Telephone Station-to-Station Corrections Collect (C)
(C)

Initial minute and additional minute rates apply in addition to a Service Charge and a Payphone Use Fee. (C)

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.3 Rate and Charge Application (Cont'd)(B) Initial Minute, Additional Minutes, Service Charges and Discounts
(Cont'd)(5) Service Charge

A Service Charge applies to each Customer Dialed Calling Card Station, Operator Station, Person-to-Person, or Coin Telephone Station-to-Station Corrections Collect call. This charge is added to the initial minute and additional minute charges. (C) (C)

(a) Discounts do not apply to the Service Charge.

(6) Discounts

Discounted initial minute and additional minute rates apply to a Dial Station, Customer Dialed Calling Card Station, Operator Station or Person to Person message occurring within the Evening or Night and Weekend discount periods described in the Rate Discount Periods Table specified in 3.1.3(F) following.

In addition when a message occurs between rate periods, discounted rates will apply to that portion of a Dial Station, Customer Dialed Calling Card Station, Operator Station or Person to Person message occurring within the Evening or Night and Weekend discount periods. The appropriate Day, Evening or Night and Weekend rate will be applied to each minute of the message based upon the rate period in which it occurred.

(7) Payphone Use Fee

A Payphone Use Fee applies to Interstate IntraLATA toll calls where the call is placed as a Customer Dialed Calling Card Station, Operator Station, or Person-to-Person Call rather than by depositing coins in the payphone. This fee does not apply to calls made to 911 or Directory Assistance, calls by hearing disabled persons to a telecommunications relay service, or calls for which the required coins have been deposited. The Payphone Use Fee is added to the initial minute and additional minute charges.

(N)

(C) Rates Applicable for Hearing or Speech Impaired Persons(1) Application

Persons who have been certified in writing by a licensed physician, audiologist, speech pathologist, or appropriate State or Federal agency as having a hearing or speech impairment which precludes oral communications and who have and use a telecommunications device for visual communications, will receive a day and evening adjustment on Directly Dialed Station-to-Station calls which do not require the intervention of an operator. The adjustment is applied to the rate table in 3.1.3(F) according to the following:

- (a) Calls placed during the day rate period will be charged at the evening rate.
- (b) Calls placed during the evening rate period will be charged at the night rate.

(2) Certification

The written certification of the speech or hearing impairment must be presented to the Telephone Company Service Center which services the residence of the certified period.

The Telephone Company Service Center, upon request, will provide a certification form for use by the applicant.

(3) Limitations

The adjustment is provided for use by the speech or hearing impaired Customer. It is only applicable to IMTS charges for calls originated from and billed to the telephone exchange service of the residence for the certified speech or hearing impaired person. The adjustment is applicable to only one telephone exchange service for a person or at a residence.

(4) Pay Telephone Calls Using the Telephone Relay Service (TRS)

The Customer Dialed Calling Card Station Service Charge specified in 3.1.3(F) (2) following does not apply to calls made from a payphone using the Telephone Relay Service.

Customer's calling from a payphone using the Telephone Relay Service will be charged the rates as specified in 3.1.3(F) (1) following.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.3 Rate and Charge Application (Cont'd)(H) Call Forwarding(1) Charges

The charges for forwarded calls may be comprised of three charges: two separate message charges; (i) a charge for that portion of the call from the originating station to the call forwarding location, if applicable, (ii) the Dial Station charge for that portion of the call from the call forwarding location to the terminating station designated by the Customer, and (iii) a monthly and a nonrecurring charge for Call Forwarding or Remote Call Forwarding provided by the Telephone Company as set forth in the Telephone Company's General and Local Exchange Service Tariff.

The respective charge for each such portion (i), (ii), shall be either the rate specified in this tariff or the rate specified in the Exchange Service Tariff or the intrastate message telecommunications service tariff of the Telephone Company, which is applicable for the type of call involved in each portion of the forwarded call.

On a Person-to-Person, Operator Station or Customer Dialed Calling Card Station call other than collect, the originating subscriber is charged the respective Person-to-Person, Operator Station or Customer Dialed Calling Card Station rate for the portion covered in (i) preceding. The charge for the portion of the call described in (ii) preceding is the Dial Station rate and charged to the call forwarding Customer.

On a collect call placed to a call forwarding directory number, the collect charges apply to the portion of the call between the rate center of the originating number and the rate center of the call forwarding location, but the portion between the rate center of the call forwarding location and the terminating rate center of the Customer will be billed at the Dial Station rate.

On a Person-to-Person or collect call that is not accepted, the terminating subscriber will be charged the Dial Station rate in effect for the portion of the call described in (ii) preceding.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.4 Directory Assistance Charge

Applies to all calls made to interstate Directory Assistance from points within the same LATA or from the N.Y. portion to the N.J. portion of the Corridor. Up to two requests may be made on each call to Directory Assistance. The Directory Assistance Charge applies whether or not the Directory Assistance bureau furnishes the requested telephone number(s) (e.g., where the requested telephone number is unlisted, non-published or no record can be found). Directory Assistance personnel cannot complete a call to a requested telephone number. A Complimentary Call Allowance may apply as specified in (B) following.

Operator Service Charges (i.e., Operator Station, Customer Dialed Calling Card Station) do not apply to calls to Directory Assistance. Person-to-Person or Collect Calls to Directory Assistance are not permitted.

(A) Rate

Per call - \$.40

(B) Complimentary Call-Allowance

Directory Assistance Customers will be entitled to up to two free Directory Assistance calls per billing period for each main billed account when at least the same number of interstate intraLATA or Corridor calls provided by this company are also billed to that main billed account during that billing period. Calls to Directory Assistance, or IMTS calls originated at a payphone for which the charges are paid by depositing coins, or IMTS calls originated at and charged to a hotel, motel, or hospital guest extension are not counted for purposes of determining the Complimentary Call Allowance. The Complimentary Call Allowance will be determined at the end of the billing period and will be applied to the Customer's bill for that billing period. A Complimentary Call cannot be carried forward for application to the next bill or applied retroactively to a previous bill.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.4 Directory Assistance Charge (Cont'd)

- (C) Handicapped Exemption - Those handicapped Customers who qualify for exemptions from Local Directory Assistance charges under Local Exchange Company tariff(s), or in the absence of a local Directory Assistance charge plan, receive special rates on other Local Exchange Company services, are exempted from the interstate Directory Assistance Charge.

This exemption applies only to calls to Directory Assistance which are billed to the handicapped Customer's residence telephone number.

- (D) Credit - A credit will be given for calls to Directory Assistance when:

- the Customer experiences poor transmission or is cut-off during the call.
- the Customer is given an incorrect telephone number, or
- the Customer inadvertently misdials (e.g. the caller dialed 201-555-1212 when they intended to dial 203-555-1212).

To receive the credit, the Customer must notify an operator or Business Office of the problem experienced.

3.1.5 N.Y.-N.J. Corridor Optional Calling Plan(A) General

The N.Y.-N.J. Corridor Optional Calling Plan provides residence and business customers with the option of reduced charges for interstate directly-dialed station-to-station toll calls between the five boroughs of New York City and Bergen, Essex, Hudson, Passaic and Union Counties in New Jersey. Residence and business customers may subscribe to a 1-hour block of time per month which covers all such calls made during the day, evening and night rate periods at the following charges. Additional usage beyond the initial block of time is billed based on the time of the usage in increments for each additional minute of usage or fraction thereof. Additional usage is considered Peak usage Monday through Friday from 8:00 A.M. to but not including 5:00 P.M., and Off-Peak Monday through Friday from 5:00 P.M. to but not including 8:00 A.M., all day Saturday and Sunday, and all day on Holidays as set forth in 3.1.3(E) preceding:

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)3.1 Interstate Service-Schedule I (Cont'd)3.1.6 Business Corridor Optional Calling Plan(A) General

The Business Corridor Optional Calling Plan (the "Plan") provides business customers with reduced rates for interstate directly-dialed station-to-station toll calls from the five boroughs of New York City to Bergen, Essex, Hudson, Passaic and Union Counties in New Jersey.

Under the Plan, customers are eligible for a month-to-month volume discount based on monthly qualifying usage.

Only billing telephone numbers (BTNs) provided and billed by New York Telephone are qualified for inclusion in this Plan. The ordering customer and another customer(s) under common ownership with the ordering customer may choose to combine BTNs under a single Plan to maximize their monthly volume discount. The ordering customer must provide a written list of BTNs to the Telephone Company. The ordering customer will be considered to be under common ownership with another customer if the ordering customer (directly or indirectly) owns or controls, or is owned or controlled by, or is under common ownership or control with, the other customer. For these purposes, the term "own" means to own an equity interest (or the equivalent thereof) of more than fifty (50) percent.

The ordering customer may request changes to the BTN list at any time by written request to the Telephone Company.

The Plan includes the Telephone Company's provisioning of Corridor Selection Service (CSS), which allows Plan customers to complete calls within the Corridor areas described above where facilities permit. CSS is an umbrella term that includes any service that eliminates the need for customers to dial the Corridor Dial-Around Code or any other access code in order to complete a Corridor Call. CSS includes, but is not limited to, the provisioning of Automatic Corridor Service (ACS), programming or re-programming of Centrex Automatic Route Selection (ARS), Virtual Private Network (VPN) Routing Control, or Stand Alone Routing Control. CSS will always provide transparent access for customers placing calls within the Corridor areas. The Telephone Company will provide CSS as a free service with no monthly or non-recurring charges.

As an alternative, to complete a call under the Plan, the person originating the call can dial a uniform 7 digit access code in the form 1010NYT (1010698) before dialing the desired telephone number.

(B) Rate Regulations

- (1) Only directly dialed station-to-station calls that originate from the subscriber's telephone(s) are included in the Plan. Directory Assistance, Operator-Assisted and Customer Dialed Calling Card calls are not included.
- (2) Evening and Night rate period discounts do not apply to calls in the Plan.
- (3) The Plan is furnished for a minimum period of one month.
- (4) A customer may subscribe to the Plan for each separately billed telephone number or a combination of BTNs as described previously.
- (5) Each call placed under the Plan will be counted as a minimum of one (1) minute of usage. Additional usage will be rounded up to the next six-second increment.
- (6) The Plan is an account-level plan for business customers only. However, usage from all of a customer's BTNs may be used to calculate the monthly usage. In addition, a BTN may be associated with only one Optional Calling Plan.
- (7) A customer may terminate the Plan at any time without penalty by providing written notice to the Telephone Company.
- (8) No other discounts are allowed for calls rated under the Plan.

(N)

(A) General

Sensible Minute is an optional calling plan for residence customers that provides an alternate rate treatment for customer-dialed interstate intraLATA unassisted toll calls. Customers enrolling in this plan will be billed at the rates shown in (D) following in lieu of the regular residence MTS rate schedule.

(B) Service Description

Sensible Minute is available only as a combined Interstate IntraLATA and Intrastate IntraLATA service in NY and a combined Interstate IntraLATA and Intrastate Toll service in CT. This plan is available only to residence dial-tone line customers in NY and CT, where the customer selects the Telephone Company as its IntraLATA Toll Provider (ITP) and affirmatively enrolls in the plan. If the customer changes its ITP on a dial-tone line, which has been equipped with Sensible Minute, the Telephone Company will remove the Sensible Minute option from that line.

Customers enrolled in the NY Intrastate IntraLATA Sensible Minute plan will automatically be enrolled in the Interstate IntraLATA plan.

There are no applicable enrollment charges or charges for discontinuing the Sensible Minute plan.

Eligible IntraLATA toll calls are those which are customer-dialed and completed without the assistance of a Telephone Company operator.

Qualifying usage does not apply to 700/800/900 Services, collect calls, calling card calls, person-to-person calls or pay-per-use type services.
