Attention: Wireline Competition Bureau

The accompanying tariff material, issued by the Verizon Telephone Companies (Verizon) and bearing Tariff FCC Nos. 1, 11, and 16, Access Services; Tariff FCC No. 14, Facilities for Interstate Access; and Tariff FCC No. 21, Special Construction, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended. This material, filed on fifteen days’ notice and scheduled to become effective April 12, 2003, consists of tariff pages as indicated on the following check sheets:

1. On March 17, 2003, under Transmittal No. 302, Verizon filed its federal universal service fund (FUSF) filing with proposed rates that would go into effect on April 1, 2003, if approved. These rates were designed to implement the FCC's new contribution methodology as described in the Report and Order and Second Notice of Proposed Rulemaking, FCC 02-329, released December 13, 2002, and the Order and Second Order on Reconsideration, FCC 03-58, released on March 14, 2003. In the March 17, 2003, filing, Private Branch Exchange (PBX) trunk services were not separately identified on the tariff pages and supporting documentation. These units were included with the "Multi-line - Other" rate category. However, unlike the Multi-line – Other services, which include one Local Number Portability ("LNP") charge per line, PBX trunks include nine LNP charges per line or trunk. In addition, some PBX services also incur a port charge. For this reason, separate FUSF charges are needed for PBX services. This filing is being issued, under authority of Special Permission No. 03-027 of the Federal Communications Commission to revise material not yet in effect, to establish separate FUSF charges for PBX trunk services port charges in Tariff FCC Nos. 1 and 11 and to clarify the name of the USF charge introduced in Tariff FCC Nos. 14 and 16.

Support material as required under Section 61.38 of the Commission's Rules and as further required by the above-referenced orders is provided with this filing.

2. This filing also provides for Special Construction of facilities to provision tariffed services in FCC 21 for the following: Massachusetts – Bose Corporation, Epsilon Data; New York – The Bank of New York; Maryland – AT&T Wireless, AT&T/Black & Decker, AT&T/ Citi Financial, MCI Tele./Navy EDO Tech Division; Virginia – Triton PCS, T-Mobile; Pennsylvania – AT&T Wireless, Verizon Wireless, Nextel Partners, CTSI, Bell Atlantic Global; California – Pacific Bell; Florida – Danka Office Imaging, Verizon Global Networks, T-Mobile; Illinois – Global Crossing, AT&T. Administrative changes have also been made.

Support material as required under Section 61.38 of the Commission's Rules and is provided with this filing.

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS).

Payment in the amount of \$695.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically over ETFS as a proprietary document.

In accordance with the requirements of Section 61.21(a)(3) of the Commission's Rules, the FCC Registration Number (FRN) for Verizon is 0003-7085-00. Verizon is filing this transmittal on behalf of issuing carriers with the following FRNs:
