5.1.5 Five-Year Volume and Term Discount Plan (VTDP)

A. Description

Verizon Infospeed DSL Solutions VTDP provides Customers discounted rates based on commitments of a specific term with minimum volumes. The VTDP encompasses all of Customer's Verizon Infospeed DSL Solutions arrangements provided under this tariff, as well as the Infospeed DSL Solutions arrangements provided in the territory covered by The Verizon Telephone Companies Tariff F.C.C. No. 1 and the Verizon Advanced Data Inc. Tariff F.C.C. No. 1, except for those arrangements that are included in a separate 5N-TVDP. However, the VTDP rates in this Tariff are applied by service type and only to the Verizon Infospeed DSL Solutions arrangements covered by this Tariff. (C)(x)

Customer who purchases Verizon Infospeed DSL Solutions under the VTDP assumes the following obligations:

- Customer will submit orders to Company electronically in a format and manner designated by Company;

- Customer will not direct its end users to contact Company regarding any aspect of the service.

The Five-Year VTDP has five optional volume Commitment Levels, A through E. Each Commitment Level has minimum service arrangement volumes assigned for each year of the VTDP. The Commitment Level includes all of Customer's in-service Verizon Infospeed DSL Solutions arrangements provided under this Tariff. VTDP rates are applied by service type. Commitment Levels are selected by Customer and must be designated in Customer's order for VTDP. The Commitment Levels are shown in this Section. (C)(x)
