9.1.1 General (Cont'd)

When the customer purchases ADSL Service under the DSL Services DPA, the rates and charges in Section 17.4.8(C), following, will apply in lieu of the rates and charges specified in Section 17.4.8(B), following, for ADSL Service.

ACCESS SERVICE

9. Digital Subscriber Line Services (Cont'd)9.1 DSL Services Discount Pricing Arrangement (Cont'd)9.1.2 Term Plan

(T)

(A) Description

(N)

The Term Plan provides the customer with reduced rates based on the length of the customer's term commitment and its selected pricing option. The Term Plan is available for terms of one or three years with a choice of two pricing options. The Telephone Company will establish a Term Plan for each Serving Wire Center (SWC) based on the customer's order notifying the Telephone Company which ADSL-equipped SWC(s) the customer wants included in the plan(s) and its selected term commitment and pricing option for each SWC. An Access Order Charge may apply for each order to establish the initial Term Plan(s).

When the customer subscribes to a Term Plan, all in-service ADSL Service lines provided out of and subsequently installed at the included SWC will be billed the rates and charges specified in Section 17.4.8(C), following, for the length of the term commitment. In addition to the applicable ADSL Line Charges, the customer will be billed a recurring monthly Term Plan Charge for each SWC included in a Term Plan, as specified in Section 17.4.8(C), following, based on its selected pricing option. If the Telephone Company decreases the rates specified in Section 17.4.8(C), following, during the term of a commitment period, the decreased rates will automatically be applied for the remainder of the current commitment period.

If the customer does not make an election by the end of the Term Plan, the rates for all ADSL Service lines will automatically be converted to the rates available under the Monthly Plan specified in Section 17.4.8(C), following. An Access Order Charge will not apply to any election made by the customer at the end of the Term Plan.

A Term Plan is subject to payment for early termination as described in (D), following.

(B) Upgrades in Term Plan

A customer may terminate a Term Plan without the application of a termination liability charge when the customer replaces its original Term Plan commitment with a new Term Plan commitment provided the length and pricing option of the new Term Plan commitment is equal to or greater than the length and pricing option of the original Term Plan commitment. An Access Order Charge will not apply when the customer replaces an existing Term Plan with a new Term Plan commitment under this provision.

(C) Termination without Liability

A customer may terminate a Term Plan without the application of a termination liability charge if the Telephone Company increases the Term Plan monthly rates described in Section 17.4.8(C), following, during the term of the existing commitment. The customer has 90 days following such rate increase to notify the Telephone Company in writing of its intent to terminate its Term Plan under this section; otherwise, the increased rates will apply for the remainder of the commitment period.
