12. CARRIER COMMON LINE SERVICES (Cont'd)

12.4.5 Primary Interexchange Carrier Charge

- (A) Primary Interexchange Carrier charges (PICC) compensate the Telephone Company for Telephone Company provided common lines for access to end users.

The PICC is a flat-rated charge assessed on the end user's presubscribed carrier. End user customers who do not select a presubscribed carrier will be billed the PICC.

The PICC will not be reduced for residential lifeline customers.

The PICC is not applicable to any payphone lines.

(N)

The PICC will be waived for residential lifeline customers who are toll blocked.

13.12 Universal Service Fund Contribution Charge

The Universal Service Fund (USF) Contribution Charge assessed on end users recovers the Telephone Company's contributions to Universal Service Support Mechanisms. The USF Contribution Charge is a percentage surcharge applied to the interstate services which give rise to the Telephone Company's contribution obligation. These services are any interstate services provided to an end user that are not resold, either individually or as part of a bundle of services, to another party. The services include but are not limited to End User Common Line Charges, PICC charges, or Special Access charges. This charge will not be assessed to Lifeline customers.

The percentage to be applied for the USF Contribution Charge is as follows:

9.2% (R)
