(A) Cancellation of a Request For Service (RFS)⁽¹⁾

- (1) In some cases construction of facilities must take place before the Telephone Company can accept an Access Order (e.g., a new installation of Dedicated SONET Ring Service). When facilities must be constructed and the Telephone Company agrees to construct such facilities, the customer will be required to execute a Request For Service (RFS). A customer may cancel a RFS. The cancellation date is the date the Telephone Company receives written or verbal notice from the customer that the RFS is to be cancelled. If verbal notice is given, it must be followed by written confirmation within 10 days or it shall be deemed to be void.

If a customer does not place an Access Order for the services on the RFS within 30 days of receiving notification that the network is ready for the services ordered, the RFS will be deemed cancelled.

- (2) When a customer cancels a RFS, cancellation charges will apply as follows:
- (a) Installation of facilities is considered to have started when the Telephone Company incurs any cost in connection therewith or on preparation thereof which would not otherwise have been incurred.

⁽¹⁾The RFS Cancellation Charge will apply even if non-recurring charges would be waived under any available discount pricing plans, promotion plans, pricing flexibility contracts or any other plans or programs that waive installation or non-recurring charges (e.g., Term Pricing Plans, etc.).
