With this transmittal, Verizon hereby submits tariff pages to eliminate section 201 expanded interconnection through physical collocation from Tariff FCC No. 1, Section 19, Collocated Interconnection, and Tariff FCC No. 11, Section 28, Expanded Interconnection, otherwise referred to as physical expanded interconnection. These revisions are explained in detail in a Description provided as an attachment to this filing.

Notification letters will be sent to customers electronically today by their respective Collocation Program Manager.

In addition, this filing corrects certain errors that were inadvertently made under Transmittal No. 401. Because the errors were not identified right away, they continued to show on higher revisions of the same pages filed under Transmittal Nos. 404, 405 and 411. Modifications made in error on 4th Revised Pages 16-83 and 19-91 of Tariff FCC No. 1 and on 1st Revised Pages 28-11, 28-68, 31-433 and 31-453 of Tariff FCC No. 11 under Transmittal No. 401 are being corrected with this filing.

Support material is not required with this filing.

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS).

Payment in the amount of \$695.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically over ETFS as a proprietary document.

In accordance with the requirements of Section 61.21(a)(3) of the Commission's Rules, the FCC Registration Number (FRN) for Verizon is 0003-7085-00. Verizon is filing this transmittal on behalf of issuing carriers with the following FRNs:
