Transmittal No. 3 of the TXU Communications Companies

The accompanying tariff material, issued by the TXU Communications Companies (TXUCC; FRN #0010-1553-98), consisting of TXU Communications Telephone Company (TXUCTC) and Ft. Bend Telephone Company (FBTC), and bearing Tariff F.C.C. No. 1, Access Service, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended. The proposed effective date of March 11, 2004, is fifteen days after the filing date, in accordance with Section 204(a)(3) of the Communications Act of 1934, as amended.

This tariff filing has no rate changes associated with it. The termination liability for ADSL customers subscribing to a term payment plan (TPP) is being changed to the methodology used by NECA and many other companies, with current customers grandfathered to the methodology specified in their contract. Spelling errors (ADLS to ADSL) are corrected on the 2 rate pages for ADSL

Another proposed change institutes the ability of TXUCC to audit the PIUs of certain access customers. The language has been taken directly from NECA Tariff FCC No. 5, section 2.3.11(C)(4) and 2.3.11(C)(3)(a). Further details on both of these changes are found in the Description and Justification submitted with this transmittal.
