The first part of this filing is being made by Qwest in its Tariff F.C.C. No. 1, Section 7, Private Line Transport Service to introduce a new service, Optical SHARP. Optical SHARP will become a new option under Self Healing Alternate Route Protection (SHARP) and provides a protected path when a remote node is provided by the customer. Optical Sharp is only available to customers who order SST without a Qwest provided remote node at the customer premise.

Since Optical SHARP is being introduced as a new service under Price Caps, supporting information discussed under 61.49 of the Commission's Rules is not required.

As part of this filing Qwest is also clarifying tariff language in Section 15, Self-Healing Network Service. The existing waiver of Termination Liability was only intended to apply to customers who terminated an existing 12 Month Fixed Period Rate Plan which was within six months of the expiration date and upgraded to a new 12 Month or greater Fixed Period Rate Plan. The waiver was not intended to apply to the new Fixed Period Rate Plan.
