## ACCESS SERVICE

8. Miscellaneous Services (Cont'd)8.16 Universal Service Fund Charge

The Universal Service Fund (USF) charge provides for affordable local telephone service for all customers and provides a discount to schools, libraries and low-income families.

The USF charge will also be assessed to end user customers who order Special Access Services, from this tariff. The USF charge will be determined by multiplying a USF Surcharge factor of .087 by the end user customer's monthly billing account level interstate charges for these services.

The USF charge will also be assessed to end user customers on Other Incidental Charges. A surcharge of .087 will be applied to the following nonrecurring charges:

- Nonrecurring Charge for Presubscribed Interexchange Carrier
- Primary Interexchange Carrier Charge

To the extent the Nonrecurring Charge for Presubscribed Interexchange carrier is billed to an IC, as set forth in 8.5(E), and 8.5 (G), the USF Surcharge will apply to the IC.

The USF charge, as shown in this section of the tariff, shall be assessed to customers that are billed end user common line charges. The USF charge will not be assessed to Lifeline customers, with the exception of the USF on Other Incidental Charges.
