5.1.1 Ordering Conditions (Cont'd)

(H) Service Date Advancement (Cont'd)

(8) Application of Rates and Charges (Cont'd)

(d) A Service Date Advancement-Missed Appointment charge in (9)(b), following, will apply per circuit, per occurrence for services in (1) above for Company resources expended to advance a service date. Following is an example of when this charge may apply for an order with a standard interval:

- A customer submits an Access order for a DS1 (a.k.a., BellSouth SPA DS1) service to be installed at the customer's premises. The Access Order has a requested service date that is two business days less than the standard interval for DS1 (a.k.a., BellSouth SPA DS1) service. The Company agrees to the requested advanced service date and informs the customer that Service Date Advancement charges will apply and will be billed to the customer upon the Company installing and completing the Access order. However, when a Company technician arrives to install the DS1 (a.k.a., BellSouth SPA DS1) service on the advanced service date, the Company cannot gain access to the customer's premises to install the service and complete the order. Therefore, the customer is billed a Service Date Advancement-Missed Appointment charge (i.e., \$300 per circuit per occurrence) for the additional resources required to advance the service date. Had the Company technician been allowed to install and complete the order on the advanced service date, the customer would have been billed the normal Service Date Advancement charges provided in (9)(a) following for advancing the service date.
