With this transmittal, Verizon is reducing the annual commitment levels required for Commitment Levels A and B of the Verizon Infospeed DSL Solutions Five-Year Term and Volume Discount Plan. In addition, Verizon is proposing rate reductions for 1.5M/384K service under 5N-TVDP in its Tariffs F.C.C. No. 1 and F.C.C. No. 20. Verizon is also proposing rate reductions for 1.5M/384K service under Verizon Infospeed DSL Solutions and Verizon DSL Over Resold Lines in its Tariff F.C.C. No. 20.

The changes included in this filing are a price cap rate restructure under Section 61.49 of the Commission's Rules, but because the rates are not yet under price caps,<sup>1</sup> they do not require Tariff Review Plan documentation. The new structure will be reflected in the 2004 annual filing. A document describing in detail the commitment level reductions and the proposed rate reductions is attached.

Payment in the amount of \$695.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically via ETFS.
