- 1) With this filing, Verizon wishes to introduce Inverse Multiplexing ATM (IMA), an enhancement to local ATM Cell Relay service. A full description of the offered service is provided as a Description attachment with this filing.

Support material as specified under Section 61.49 of the Commission's Rules is not required with this filing. In addition, Figure 1 is attached which will be used in the 2005 Annual Filing to demonstrate that this service should be granted the same Phase I or Phase II regulatory relief in the MSAs and the Non-MSAs where the service category has been granted such relief.

- 2) This filing is being made to establish Telecommunications Relay Service (TRS) Equal Access Interconnection in Tariff FCC No. 14. This service will enable TRS providers to offer their end users Carrier of Choice through a direct connection from a TRS Carrier to a Verizon Telephone Company access tandem.

Support material as specified under Section 61.49 of the Commission's Rules is not required with this filing.

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS).

Payment in the amount of \$695.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically over ETFS.

In accordance with the requirements of Section 61.21(a)(3) of the Commission's Rules, the FCC Registration Number (FRN) for Verizon is 0003-7085-00. Verizon is filing this transmittal on behalf of issuing carriers with the following FRNs:
