21.17 Contract Tariff Option 16

(N)

21.17.1 Scope

Contract Tariff Option 16 (Option 16) is an offering exclusively for customers subscribing to new IntelliLight Entrance Facility (IEF) Special Access Services at fifteen (15) or more different customer designated premises within the Metropolitan Statistical Areas (MSAs) of this tariff and of those specified in the Telephone Company's Tariff F.C.C. No. 11.

(x)

21.17.2 General

- (A) A customer subscribes to Option 16 by submitting an order for service using an ordering procedure designated by the Telephone Company during the first sixty (60) days following the effective date of this Option 16 (i.e., the subscription period).
- (B) The customer must subscribe to a minimum of fifteen (15) new IEF systems with each system configured to include a Fractional OC48 Interface and twelve (12) or more STS1 Terminations. Connection of other access services to IEF systems is described in Section 7.2.15 preceding. Under this Option 16, STS1/51.84 Mbps Termination with a Fractional OC48 Interface IEF system shall be referred to as "STS1 Terminations."
- (D) Except as otherwise provided for in this Option 16, the terms and conditions for IEF in Section 7.2.15 preceding apply. Other services required to provide IEF (for example, special construction) will be provided in accordance with the rates and regulations in this tariff and/or other interstate Telephone Company tariffs.

21.17.3 Serving Area

The serving area of the Option 16 is comprised of the Phase I and Phase II MSAs under this tariff and of those specified in the Telephone Company's Tariff F.C.C. No. 11. Wire centers for the Phase II MSAs specified in this tariff are listed in Section 14.7 preceding. Any additions of, or changes to, Telephone Company MSAs (including changes to wire centers or Level 1/Level 2 pricing status as described in Section 14.7 preceding of this tariff) that occur during the service commitment period of this Option 16 will apply.

21. Contract Tariffs (Cont'd)21.17 Contract Tariff Option 16 (Cont'd)21.17.4 Terms and Conditions

- (A) An order for the new IEF service must be placed during the subscription period. A new service can not be a service that was disconnected from another contract option, discount plan, or tariff arrangement and subsequently ordered under this option in order to include that service in this option.
- (B) Except as otherwise set forth below, the service commitment period for IEF services purchased under this Option 16 is six (6) months. Prior to, or upon expiration of, the service period, the customer must choose one (1) of the following options. The customer must also provide written notification to the Telephone Company at least thirty (30) days prior to the expiration of the service period indicating its election of one of the options set forth below.
- (1) Terminate this Option 16 and simultaneously subscribe to another then effective Contract Tariff Option for IEF service offered by the Telephone Company under this tariff (New Option). No termination liability, as set forth in Section 7.2.15 preceding, nor any minimum period obligation as set forth in 21.17.4(C) following and Section 7.2.15 preceding will be assessed by the Telephone Company for such termination. All terms and conditions of the New Option shall apply to such IEF services, including termination liability, as set forth in such New Option.
- (2) Terminate this Option 16 and all services purchased pursuant to this Option 16. No termination liability, as set forth in Section 7.2.15 preceding, will be assessed by the Telephone Company for such termination. Minimum period obligations shall apply as set forth in Section 7.2.15 preceding.
- (3) Elect to extend this Option 16 for a five (5) year service period. If the customer elects this option, the service period for all services subscribed to under this Option 16 shall be deemed to commence upon its initial subscription to this Option 16. The customer will continue receiving the IEF rate set forth in this Option 16 in 21.17.5 following until the expiration of the five (5) year service period. All other provisions of IEF service, including termination liability, as set forth in Section 7.2.15 preceding, will continue to apply.
