32.18 Contract Tariff Option 17

(N)

32.18.1 Scope

Contract Tariff Option 17 (Option 17) is an offering exclusively for customers subscribing to new IntelliLight Entrance Facility (IEF) Special Access Services at fifteen (15) or more different customer designated premises within the Metropolitan Statistical Areas (MSAs) of this tariff and of those specified in the Telephone Company's Tariff F.C.C. No. 1.

(x)

32.18.2 General

- (A) A customer subscribes to Option 17 by submitting an order for service using an ordering procedure designated by the Telephone Company during the first sixty (60) days following the effective date of this Option 17 (i.e., the subscription period).
- (B) The customer must subscribe to a minimum of fifteen (15) new IEF systems with each system configured to include a Fractional OC48 Interface and twelve (12) or more STS1 Terminations. Connection of other access services to IEF systems is described in Section 26.1.4 preceding. Under this Option 17, STS1/51.84 Mbps Termination with a Fractional OC48 Interface IEF system shall be referred to as "STS1 Terminations."
- (C) Except as otherwise provided for in this Option 17, the terms and conditions for IEF in Section 26.1.4 preceding apply. Other services required to provide IEF (for example, special construction) will be provided in accordance with the rates and regulations in this tariff and/or other interstate Telephone Company tariffs.

32.18.3 Serving Area

The serving area of the Option 17 is comprised of the Phase I and Phase II MSAs under this tariff and of those specified in the Telephone Company's Tariff F.C.C. No. 1. Wire centers for the Phase II MSAs specified in this tariff are listed in Section 14.7 preceding. Any additions of, or changes to, Telephone Company MSAs (including changes to wire centers or Level 1/Level 2 pricing status as described in Section 15.3 preceding of this tariff) that occur during the service commitment period of this Option 17 will apply.

32. Contract Tariffs (Cont'd)32.18 Contract Tariff Option 17 (Cont'd)32.18.4 Terms and Conditions

- (A) An order for the new IEF service must be placed during the subscription period. A new service can not be a service that was disconnected from another contract option, discount plan, or tariff arrangement and subsequently ordered under this option in order to include that service in this option.
- (B) Except as otherwise set forth below, the service commitment period for IEF services purchased under this Option 17 is six (6) months. Prior to, or upon expiration of, the service period, the customer must choose one (1) of the following options. The customer must also provide written notification to the Telephone Company at least thirty (30) days prior to the expiration of the service period indicating its election of one of the options set forth below.
- (1) Terminate this Option 17 and simultaneously subscribe to another then effective Contract Tariff Option for IEF service offered by the Telephone Company under this tariff (New Option). No termination liability, as set forth in Section 26.1.4 preceding, nor any minimum period obligation as set forth in 32.18.4(C) following and Section 26.1.4 preceding will be assessed by the Telephone Company for such termination. All terms and conditions of the New Option shall apply to such IEF services, including termination liability, as set forth in such New Option.
- (2) Terminate this Option 17 and all services purchased pursuant to this Option 17. No termination liability, as set forth in Section 26.1.4 preceding, will be assessed by the Telephone Company for such termination. Minimum period obligations shall apply as set forth in Section 26.1.4 preceding.
- (3) Elect to extend this Option 17 for a five (5) year service period. If the customer elects this option, the service period for all services subscribed to under this Option 17 shall be deemed to commence upon its initial subscription to this Option 17. The customer will continue receiving the IEF rate set forth in this Option 17 in 32.18.5 following until the expiration of the five (5) year service period. All other provisions of IEF service, including termination liability, as set forth in Section 26.1.4 preceding, will continue to apply. In any given month during the service period, if the customer fails to maintain a minimum of twelve (12) STS1 Terminations per system, the six (6) month minimum period does not apply to the services during such month, and the minimum period obligation set forth in Section 26.1.4 preceding shall apply in lieu thereof. If a customer subsequently returns to the minimum of twelve (12) STS1 Terminations per system in a subsequent month, the six (6) month period obligation shall again apply to the services. - (F) Additional IEF systems may be ordered subsequent to the subscription period of this Option 17 subject to the terms and conditions of this Option 17. Each additional IEF system must include a Fractional OC48 Interface and twelve (12) or more STS1 Terminations.
- (G) With the exceptions of subscribing to 32.18.4(B)(1) above, a Commitment Discount Plan (CDP), or a Contract Tariff Option which provides a credit or discount based upon the achievement of certain Total Billed Revenue as set forth in this tariff, a customer subscribing to Option 17 may not subscribe to any other discount plan, Contract Tariff Option, Individual Case Basis (ICB) arrangement, specialized service arrangement, or other promotional offering offered by the Telephone Company under this tariff for IEF services ordered pursuant to this Option 17.
