Payment Plans:

Enhanced Ameritech ValueLink Plus is available on a month-to-month, twelve, twenty-four, or thirty-six month term plan.

1. Month-to-Month:

The month-to-month term plan requires a Minimum Monthly Usage Commitment (MMUC). The MMUC is a minimum usage level that a customer must commit to , per month, per account, in order to receive the discounted per minute price. If the total Enhanced Ameritech ValueLink Plus usage charges are below the MMUC in any given month, the full amount of the applicable MMUC will apply in lieu of the actual usage charges. The MMUC will not be enforced in the first bill period. Customers will be given one billing cycle to attain their MMUC level.

2. Term Payment Plans:

The twelve, twenty-four, and thirty-six month term plans require Minimum Annual Usage Commitments (MAUC). The MAUC is a minimum usage level that a customer must commit to per year, per account, in order to receive the discounted per minute price. If the total Enhanced Ameritech ValueLink Plus usage charges are below the MAUC in any given year, then the remaining balance of the MAUC will apply.

3. Termination Charges:

Customers who terminate their twelve, twenty-four, or thirty-six month plans before the expiration date of the agreement will be billed a termination liability which consists of a lump sum equal to the MAUC times the number of years, or fraction thereof, remaining on the agreement.

At the expiration of the selected Enhanced Ameritech ValueLink Plus term, if the customer does not expressly indicate election of a new term plan, the rates will revert to the highest Enhanced Ameritech ValueLink Plus Month-to-Month per minute rate.

\* Enhanced Ameritech ValueLink Plus Service will no longer be available to new customers effective July 2, 2004. There will be no change in service to existing customers. Existing customers currently on a term plan can remain until their term expires. Renewals will no longer be available.
