This filing is being made by Qwest in its Tariff F.C.C. No. 1, to remove the exogenous costs of Thousands Block Number Pooling from the Common Line Basket. These charges were established on August 6, 2002 to recover the extraordinary costs directly related to thousands-block number pooling as allowed for by the price cap rules. The removal of the TBNP costs will result in reductions of the End User Common Line (EUCL) charge in some states and the PICC. Qwest intends to have these pages effective on August 6, 2004. This filing is being made on seven (7) days notice.

Supporting information discussed under Section 61.49 of the Commission's Rules is, to the extent required, included with this filing in the attached Description and Justification (D&J).

The Tariff filing fee in the amount of \$695.00 is being paid by credit card through the appropriate entries in Section E of the ETFS generated Form 159.
