ACCESS SERVICE

21. Contract Tariffs (Cont'd)21.18 Contract Tariff Option 17

(N)

(A) Scope

- (1) Contract Tariff Option 17 (Option 17) is an offering for new installations of Special Access IntelliLight Dedicated SONET Ring (IDSR) service, as set forth in Section 7.2.14(C)(1) preceding. Switched Access IDSR rate elements, as set forth in Section 6.8.25(C)(1) preceding, are not eligible to receive the Option 17 discount.
- (2) The regulations, terms, and conditions provided in this Section 21.18 apply to all customers who order new IDSR services offered under Option 17 in the applicable Metropolitan Statistical Areas (MSAs) during the specified subscription period set forth below.

(B) Eligible Services

Option 17 is an offering exclusively for new installations, as described in this Option 17, of the following IDSR services, as set forth in Section 7.2.14(C)(1) preceding.

- OC48 or OC192 Enhanced Nodes
- OC48 or OC192 Ring Transport (Mileage between Enhanced Nodes)

(C) Serving Area

- (1) The serving area of Option 17 is comprised of the following MSAs.

New York NY
New Brunswick-Perth Amboy-Sayerville NJ

- (2) The wire centers within the New York NY MSA are listed in Section 14.7 preceding. The wire centers within the New Brunswick-Perth Amboy-Sayerville NJ MSA are listed in (4) following. The wire centers that comprise the New York and New Jersey Corridor are listed in (5) following.
- (3) Any additions or changes to the wire centers included in the MSAs listed above that occur after September 4, 2004 will apply and be included in Option 17.

(D) Eligibility Requirements

(N)

All of the following requirements must be met in order to be eligible for subscription to Option 17.

- (1) Customers who wish to subscribe to Option 17 must do so by submitting a written authorization in a manner designated by the Telephone Company during the subscription period, which begins on September 4, 2004 and ends November 3, 2004 (the Subscription Period).
- (2) The customer must accept service on the original service date. If the customer does not accept service on the original service date, any change to a later date will make the service ineligible for the discount, unless the change is initiated by the Telephone Company.
- (3) A new service cannot be a service that was disconnected from another contract option, discount plan, or tariff arrangement in order to include that service in this plan.
- (4) The customer must purchase a minimum of four (4) IDSR OC48 or OC192 Enhanced Nodes and up to a maximum of twenty-two (22) IDSR OC48 or OC192 Enhanced Nodes. All of the Enhanced Nodes must be within the MSAs listed in (C) above, and at least twenty-five percent (25%) of the Enhanced Nodes on any individual ring must be served by wire centers that are located within the New York and New Jersey Corridor, as set forth in (C)(5) preceding.
- (a) When calculating the minimum number of nodes, always round up to the next node when the calculation results in a fraction of a node. For example, 25% of a seven (7) node ring would require 1.75 or a minimum of two (2) nodes that must be served by wire centers that are within the New York and New Jersey Corridor. Wire centers that are within the New York and New Jersey Corridor are listed in (C)(5) preceding.
- (5) The customer must agree to a service period of sixty-three (63) months for IDSR Enhanced Nodes and Ring Transport under this Option 17.

(E) Description of Option 17

(N)

- (1) Option 17 offers a discount as set forth in (E)(2) following on all eligible IDSR services that meet the conditions outlined in this Option 17. For the purchase of new IDSR services, the Option 17 discount will apply to IDSR monthly recurring rate elements (Enhanced Nodes and Ring Transport). Application of the discount on Ring Transport rate elements is limited to those instances where the wire centers serving the Enhanced Nodes are within an MSA identified in (C) above.
- (2) Under Option 17, the following discounted rates will apply in all price bands and all rate zones, as applicable.

<u>Rate Element</u>	<u>MRC</u>	<u>NRC</u>
Enhanced OC48 Node	\$3,222.80	None
Enhanced OC192Node	6,440.00	None
OC48 Ring Transport	447.30	None
OC192 Ring Transport	895.30	None

- (3) Except for service provided under another contract tariff in this Section 21 for which minimum revenue or total revenue is measured on a contract level basis, or a term plan as described in Section 7.2.14(C)(1) preceding, service subscribed to under Option 17 is not eligible for any other service, term, or volume discount offered under this tariff.
- (4) Shared use as set forth in Section 5.2.8 preceding is allowed under Option 17; however, only the special access portion of a service is eligible to receive the Option 17 discount.

(F) Terms and Conditions

(N)

Unless superseded by the terms and conditions set forth herein, all terms and conditions including termination liability and minimum periods, as stated in Section 7.2.14(C)(1) preceding, apply to the IDSR services subject to this Option 17.

- (1) At the expiration of the sixty three (63) month service period, the customer must choose one of the following options.
 - (i) disconnect service;
 - (ii) elect any then effective term plan or contract tariff option applicable to IDSR; or
 - (iii) continue with service at the rates set forth in (E)(2) preceding on a month-to-month basis.
- (a) When (iii) is selected, or if the customer does not make a choice, the rates set forth in (E)(2) preceding will continue to apply until an election of (i) or (ii) is made, or until the first bill period after December 31, 2015, whichever occurs first.
- (2) The Option 17 discount will not apply to any obligations or calculations involving cancellation charges, minimum periods, or termination liability. The customer shall be responsible for any cancellation charges, minimum period obligations, and/or termination liabilities as set forth in Section 7.2.14(C)(1) preceding.
- (3) If the new IDSR, or any portion of the new IDSR, is terminated prior to expiration of the service period, termination liability applies as follows.
 - (a) When service is disconnected within the first twenty-four (24) months of the service period, termination liability is equal to one hundred percent (100%) of the five (5) year term plan rate specified in Section 7.5.19 preceding multiplied by the number of rate elements terminated, and the resulting amount is multiplied by the number of months remaining in the service period.
 - (b) When service is disconnected after the first twenty-four (24) months of the service period [month twenty-five (25) through month sixty-three (63)], termination liability is equal to twenty-five percent (25%) of the five (5) year term plan rate specified in Section 7.5.19 preceding multiplied by the number of rate elements terminated, and the resulting amount is multiplied by the number of months remaining in the service period.
