**SECTION 1  
INTRODUCTION  
SPECIAL CONSTRUCTION CASES  
FL04-A694-01 and FL04-9314-04**

With this filing, BellSouth Telecommunications, Inc. proposes to recover the cost associated with special construction necessary to provide DS1 Alternate Serving Wire Center service from the customer's location at 6301 NW 20<sup>th</sup> Street, Miami, Florida, to the Poinciana Central Office (FL04-A694-01) and to recover the cost associated with special construction necessary to provide DS1 Alternate Serving Wire Center service from the customer's location at 9399 Airport Boulevard West, Orlando, Florida, to the Orlando Azalea Park Central Office (FL04-9314-04). Special Construction is required because facilities are not available to meet the Customer's requests. The Telephone Company must install duplicate equipment consisting of an additional power supply at the Customer's premises. The Telephone Company has no other planned use for the facilities requested.

Because this special construction is provided in connection with a service available under an existing tariff, the customer will be charged the tariff rates for services as set forth in BellSouth's FCC Tariff in addition to the charges described herein. The charges set forth in this filing recover the costs caused by this customer's request.

Attachment A Workpapers pertain to FL04-A694-01 and Attachment B Workpapers pertain to FL04-9314-0.

Workpaper I provides a summary of the charges for the service; Workpaper II provides cost details, Workpaper III provides

monthly capital cost calculations, and Workpaper IV provides non-recoverables summary.

2.2 DESCRIPTION OF CHARGES

2.2.1 Nonrecurring Charge

The Nonrecurring charge is applied to recover the present worth of the monthly capital costs, calculated over the account average life of the applicable field reporting code. The capital costs

are developed from the estimated non-recoverable investments associated with the special construction. The non-recoverable investments consist of estimated engineering and installation costs based on labor hours and labor rates, outside contractor billing and associated material. Details of this component are shown on Workpaper IV, page 1. The present worth of the capital costs is developed using the authorized cost of capital. Details of the costs supporting this component are shown on Workpaper II, page 1.

The Case Preparation Charge is applied to recover the applicable costs of the case preparation. Case preparation consists of the cost of administrative expenses associated with preparing a special construction case and the associated tariff filing. Details of the costs supporting this component are shown on Workpaper II, page 1.
