10.8 Service Offerings (Cont'd)10.8.1 Type and Description (Cont'd)(G) SBC Federal Access Solutions Transport (FAST) Program (Cont'd)(4) Terms and Conditions (Cont'd)(d) DS1 or DS3 Moves

During a SBC FAST Program term a customer may move one end of a DS1 or DS3 SBC FAST Program Service to another location in the same LATA and keep the DS1 or DS3 SBC FAST Program in force provided the following requirements are met:

- (1) The minimum in-service period at the previous location must have been met. The new location will be subject to a new minimum in-service period;
- (2) The move is accommodated on a single customer order with the stipulation that the Billing Account Number (BAN)), the Network Channel Code NC), Access Customer Terminal Location (ACTL) and the Circuit Id (ECCKT) are provided and are the same as for the existing circuit being moved. Moves to a different wire center may result in change in the application of the rate element associated with the service and therefore could result in a change in the monthly recurring charges.

If no lapse in service occurs and if the requirements in (1) and (2) as stated previously are met, termination liability will not apply. Nonrecurring Charges for the physical move will apply.

Program (Cont'd)(5) Termination Liability

When an SBC FAST customer's disconnection is governed by the Federal Acquisition Regulations, then the termination provisions found in the Federal Acquisition Regulations apply.

When SBC FAST customer's disconnection is not governed by the termination provisions of the Federal Acquisition Regulations, a termination charge will be calculated as follows:

(Monthly Recurring SBC FAST rate) X (number of net terminated FAST circuits subject to Termination Charges) X (months remaining in SBC FAST term) X (50.00%).

Example: An agent of the Federal Government disconnects one SBC FAST DS1 in month 30 of the 36 month term. The monthly recurring charge for the DS1 is \$300.00. The reason for the disconnection is the Agent is going to use another company's facilities to provide the Federal Government with service. Termination liability charges will be calculated as follows:  
 $\$300.00 \times 1 \times 6 \text{ mos.} \times .50 = \$900.00$
