## ACCESS SERVICE

13. Additional Engineering, Additional Labor and Miscellaneous Services  
(Cont'd)13.5 Billing Name and Address (BNA) Service

- (A) Billing Name and Address (BNA) Service is the provision of the complete billing name, street address, city or town, state and zip code for an end user's telephone number assigned by the Telephone Company. (T)
- (B) BNA is offered to telecommunications service providers for the following limited purposes and may not be resold or used for any other purpose: (T)
- (1) Billing customers for using telecommunications services of that service provider and collecting amounts due. (T)
- (2) Any purpose associated with the "equal access" requirement of the United States v. AT&T, 552 F.Supp. 131 (D.D.C. 1982). (T)
- (3) Verification of service orders of new customers, identification of customers who have moved to a new address, fraud prevention, and similar nonmarketing purposes. (T)

13.5.1 General Description

At the option of the customer, BNA Service may be provided on either a manual or a mechanized basis. On a manual basis, BNA information will be provided by voice telecommunications or by mail, as set forth in 13.5.2 following. BNA information for messages originated from data terminal numbers (DTNs) of data communications services is provided on a manual basis only. On a mechanized basis, BNA information will be provided on magnetic tape containing recorded customer messages.

13.5.2 Undertaking of the Telephone Company

- (A) BNA information is furnished for sent-paid, collect, bill to third party, 700 and 900 service calls and calls made with a calling card bearing an account number assigned by the Telephone Company and validated by access to data maintained by the Telephone Company. (T)
- (B) Upon verbal or written request from an authorized individual of the customer who furnishes the Personal Identification Number (PIN) assigned by the Telephone Company, the Telephone Company will provide BNA information on a manual basis. (T)

## (B) (Cont'd)

- (1) Telephone requests of BNA information for up to 16 telephone numbers will be responded to on line. Telephone requests for BNA information for over 16 and up to 100 telephone numbers will be responded to by a call back by the next business day. (T)
- (2) A request for BNA information for over 100 and up to 500 telephone numbers must be mailed to the Telephone Company. The Telephone Company will provide the response by first class U.S. mail within ten business days. (T)
- (C) The Telephone Company will, at the request of the customer, provide BNA service on a mechanized basis. The tape of recorded messages must be provided by the customer. The Telephone Company will enter the BNA information on the tape and send it to the customer by first class U.S. mail within 6 business days of receipt. If an additional tape is required in order to provide the customer with requested BNA information, an Additional Tape Charge as set forth in 31.13 following will apply. (T)
- (1) In the event that the BNA information cannot be provided as set forth in (E) following, the record processing charge will still apply. (T)
- (D) When the customer places an order for BNA Service, the Telephone Company will specify the format in which requests and tapes are to be submitted. (T)
- (E) The BNA information will be provided for the calling number furnished to the extent a billing name and address exists in the Telephone Company data base. (T)
- (1) In addition, the Telephone Company will not provide BNA information for those end users with unlisted or nonpublished telephone numbers who have requested that their BNA not be disclosed for collect, bill to third party and calling card calls. (T)
- (F) The Telephone Company will provide the most current BNA information resident in its data base. Due to normal end user account activity, there may be instances where the BNA information provided is not the BNA that was applicable at the time the message was originated. (T)

13.5.3 Obligations of the Customer

- (A) With each order for BNA Service, the customer shall provide the name of the authorized individual(s) to whom the BNA information should be sent and the address to which the BNA information should be sent. In addition, when BNA Service is ordered on a manual basis, the customer must identify in writing all authorized individuals who will contact the Telephone Company and include the PIN assigned by the Telephone Company.
- (B) A customer which orders BNA Service on a mechanized basis must provide the Telephone Company with an acceptable test tape which includes all call types for which BNA information may be requested.

(Cont'd)13.5 Billing Name and Address (BNA) Service (Cont'd)13.5.4 Rate Regulations

- (A) Service Establishment Charges apply for the initial establishment of BNA Service on either a manual or mechanized basis.
- (B) A charge applies for each request for BNA information for a telephone number or DTN number on a manual basis. A charge applies for each request processed to supply BNA information on a mechanized basis. (T)
- (1) The Telephone Company will keep a count of the requests for billing name and address. The Telephone Company will bill the customer in accordance with these counts whether or not the Telephone Company was able to provide BNA information for all requests. (T)
- (C) Where the recorded message detail is sufficient to determine if a message is an interstate message, the rates set forth in 31.13 following will apply to each such message. (T)
- (1) Service Establishment Charges and usage for which the recorded message detail is insufficient to determine jurisdiction will be prorated by the Telephone Company between interstate and intrastate. The percentages provided in the reports as set forth in 2.3.10 preceding will serve as the basis for prorating charges. (T)
