COMMUNICATIONS SERVICES TARIFF

SECTION 5 - DESCRIPTION OF DATA SERVICES AND RATES (Continued)

PART III (Continued)

5.1 Verizon Infospeed DSL Solutions (Continued)

5.1.2 Terms and Conditions (Continued)

- F. Verizon Infospeed DSL Solutions will be provided subject to the availability and limitations of Company facilities, including the availability of line sharing.
- G. Company reserves the right to interrupt temporarily Verizon Infospeed DSL Solutions for maintenance, software upgrades, and in emergency situations.
- H. Customer will obtain the appropriate authorization to allow Company's employees or agents to enter the end user's designated premises at any reasonable hour for the purpose of installing, inspecting, or repairing Verizon Infospeed DSL Solutions arrangement, or, upon termination of Verizon Infospeed DSL Solutions, removing Company's equipment. Customer will present evidence of such authorization to Company upon request.
- I. Notwithstanding (F) preceding, in the State of Maryland, the Company will continue to provide Verizon Infospeed DSL Solutions after an end user discontinues Verizon's voice grade local exchange service if the end user obtains voice grade local exchange service from a competitive local exchange carrier that uses (1) Verizon resold voice service or (2) a combination of unbundled local circuit switching and an unbundled two-wire copper loop, provided that with regard to such combination the competitive local exchange carrier has entered into a line splitting agreement with the Company to provide the Company with access to the high frequency portion of the loop at no charge. The Company may discontinue offering Verizon Infospeed DSL Solutions under this paragraph if the Federal Communications Commission or a court issues a decision finding that state commissions may not require local exchange carriers to provide DSL service on lines over which an end user does not obtain voice grade local exchange service from the local exchange carrier.
