Service Description: Verizon will provide special construction of diverse fiber facilities for CDC IXIS between two customer premise locations: 9 West 57th Street, and 590 Madison Avenue, New York, NY. This special construction is needed in support of the customer request for OC-48 EIDSR service. Verizon will place ug fiber cable, riser cable, and terminations to provide a diverse fiber TIE between these 2 premise locations. This assumes that conduits are available both in the right of way and that the customer has provided adequate conduit path on private property from the property line to the desired POI.
