

DESCRIPTION & JUSTIFICATION

Cincinnati Bell Telephone (CBT) proposes with this filing to make textual changes, clarifications and typographical corrections to its FCC Tariff No. 35 Section 7 – Special Access. These proposed changes do not change any rates.

The proposed changes are in the following Sections:

Section 7.2.11 Service Description - OC-3 Service, OC-12 Service, OC-48 Service, and OC-192 Service Point-to-Point Service

Section 7.2.12 Service Description - OC-3 Service, OC-12 Service, OC-48 Service and OC-192 Service Dedicated Ring

Section 7.5.5 Rates and Charges - Video Service

Section 7.5.12 Rates and Charges - OC-3 Service, OC-12 Service, OC-48 Service and OC-192 Service - Point-to-Point Services

CBT also proposes to grand father the OC-3 Point-to-Point Channel Termination (OC-3 Drops) and the OC-12 Point-to-Point Channel Termination (OC-12 Drops) rate elements, USOC TMECX, as of the effective date of this filing. Due to technological changes, Customers can obtain OC-3 Drops from OC-3 Channel Terminations and OC-12 Drops from OC-12 Channel Terminations using existing traditional Channel Termination and Add/Drop Function rate elements.
