The installation charge of \$75.00 will be waived for such customers. End user customers that agree to sign a 6-month contract will receive the ADSL Performance Plus service level package for a monthly rate of \$30.00. Current customers subscribing to the ADSL Performance Plus at the standard tariff rate may take advantage of the promotion monthly rate of \$30.00. These customers will be required to sign a 6-month contract. If the upgrading customer is subscribing to their current service level package under a term agreement longer than six months, the customer will be required to maintain the longer term with the promotion amount.

Existing customers that upgrade from an ADSL Basic, Plus or Performance service level package to a ADSL Performance Plus service level package and agree to sign a 6-month contract will also receive the ADSL Performance Plus for a monthly rate of \$30.00. The \$6.00 software change charge to upgrade their service will be waived. The upgrade will be allowed provided the ADSL channel interface and the CL remain the same. If the upgrading customer is subscribing to a current service level package under a term agreement longer than six months, the customer will be required to maintain the longer term with the promotion amount.

At the end of the 6-month contract period, the contract will automatically be renewed for another 6-month contract period for a monthly rate of \$30.00. If the customer requests the discontinuance of the ADSL Performance Plus service level package prior to the expiration date of the 6-month contract, termination liability charges will apply. The customer will be billed 50% of any remaining portion of the contract. This promotion is available on service orders placed during the promotional period, with service scheduled to begin within 15 days of the order date.
