TAKE THE TOUR

AT&T CallVantage Service is available just about everywhere! To find out if it's available in your area, just fill out the form below and select the Check Availability button.

What type of phone number would you like to use for AT&T CallVantage Service?

☒ I want to get a new
phone number from AT&T.

-OR-

☐ I want to keep my
existing phone number.

[Click here to learn more](#)

Select the State and Location you would want for your new AT&T CallVantage Phone Number:

Georgia

Select an Area Code

The number you choose can be outside your residential calling area, even outside of your state of residence. For example, if you live in Florida, your AT&T CallVantage number can have a New York area code. You will be able to use your phone normally, and callers will reach you by dialing your number in New York.

What State do you live in?

Background

Broadslate is marketing impressive new local and long distance voice products that are designed to drive more loop sales by offsetting the costs our prospects pay their current local and long distance providers.

The new products are being launched in Tennessee. If you are an AE in this area, please contact Chris Kyle for information about getting trained (required) on the new product.

Local and long distance voice are value-added services and cannot be sold as a standalone product because we have negotiated very aggressive rates through Qwest. For example, the interstate/intrastate rate for Tennessee is \$0.039 per minute! The rates for other states vary but will allow Broadslate customers to save significantly on their long distance phone bill.

At this time, Broadslate will offer the following products:

- o Local dialtone - customer keeps same number
- o All the features needed including: call forwarding, call waiting, speed dialing and hunting.
- o Interstate calling (1+ and toll-free interstate calling)
- o Intrastate calling (1+ and toll-free intrastate calling)
- o International calling
- o Toll-free directory assistance listing
- o Project Account Codes ("PAC codes") or Authorization Codes

- Verified
- Non-verified

We will not offer calling cards or enhanced 8XX features.

Compensation

Commission for the Direct Channel will be increased via a one-time amount of \$25 per LD service sale, regardless of revenue or volume.

The Qwest Partnership

Selecting Qwest was done through a two-tier decision-making process in which price, financial commitment, and level of support were rated as the top decision-making factors. Qwest far outpaced WorldCom, AT&T, and Sprint on price, did not require a financial commitment, and had a better level of support than Global Crossing.

If you have any questions about the new long distance voice product, please contact [Chris Kyle](#) via e-mail or by calling 434.220.7667.

Contacts

The contacts for the Broadslate Business Agent Program are the following:

ITC^DeltaCom understands the complexity of telecommunications. Whether you are looking for small business solutions or to connect multiple locations, ITC^DeltaCom has the experience and technology to be your total communications provider.

ITC^DeltaCom's Small Business packages are specifically bundled for small businesses or home offices. Our Enterprise services provide voice, data, and Internet solutions as well as, Equipment and Systems for companies of all sizes. We also provide additional business solutions such as collocation and hosting through e^deltacom, our 376,000 sq.ft. data center. Unlike many traditional communication services, you can get high-speed communications to practically any location you wish. ITC^DeltaCom always gives you the highest quality of products and services. One company, one invoice, one choice -- that's telecom simplified.

Contact your local ITC^DeltaCom branch office today or call 1.800.239.3000, to find out how ITC^DeltaCom can provide your integrated telecommunications and technology needs.

ITC^DeltaCom, an integrated telephone company, is the competition. The competitive local-exchange carrier (CLEC) serves business customers through 40 offices from New York to Florida. It also wholesales long-distance services to other carriers -- including AT&T, MCI (formerly WorldCom), and Sprint -- through its regional fiber-optic network. The firm owns part of the network and manages the rest, which is owned by Duke Energy, FPL, and Entergy. But the depressed telecom sector forced the company to seek debt relief and it has emerged from Chapter 11 bankruptcy with investment firm Welsh, Carson, Anderson & Stowe owning a 65% equity stake.

KMC Business Line Service

Local Business Telephone Service from Your Local Full-Service Provider

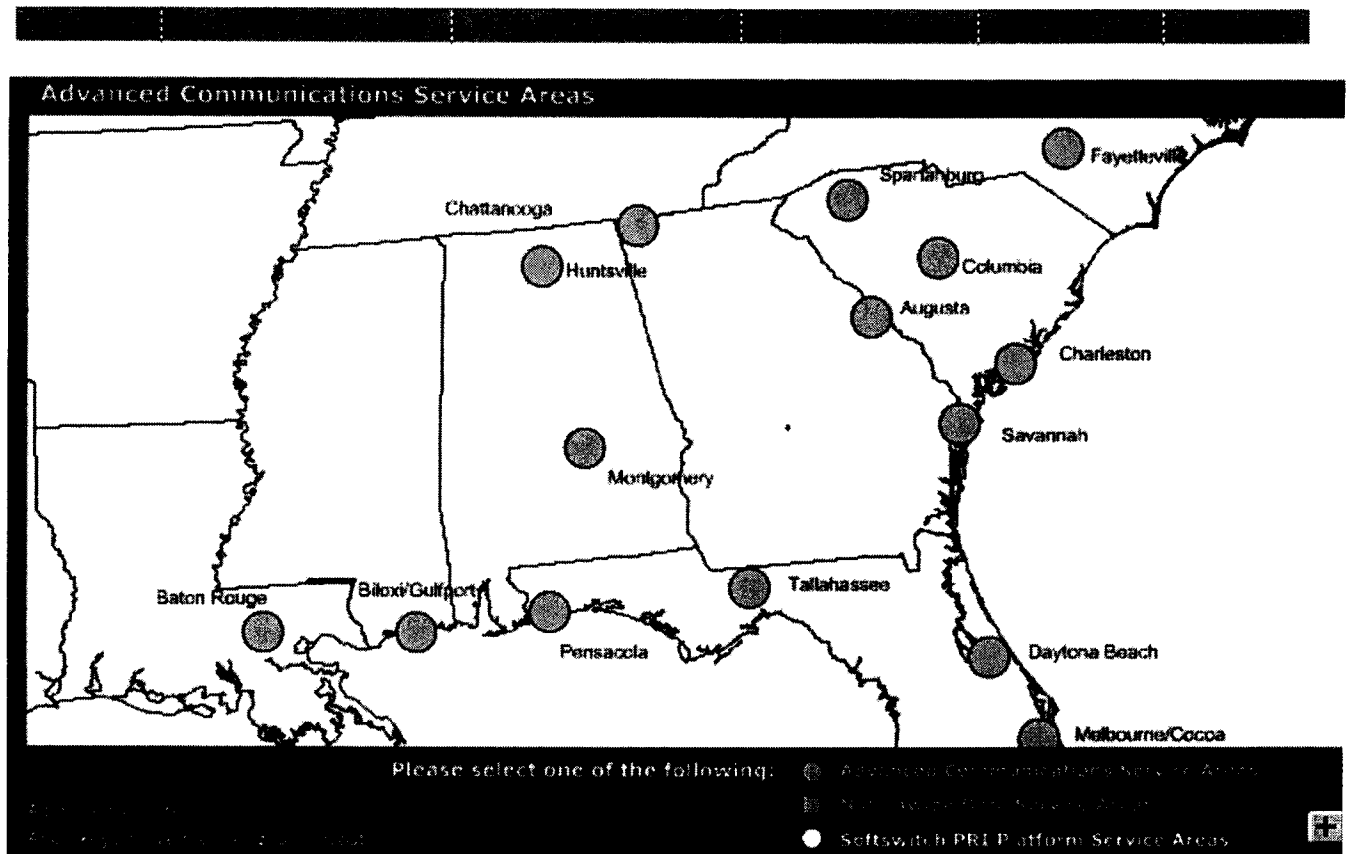

You can select from a range of options that includes everything from a single line to a multi-line service with a lot of features. Our state-of-the-art fiber optic networks ensure clarity and dependability of your service. What's more, there's no expensive start-up cost and no costly equipment to buy. **KMC Business Line Service** interfaces with your equipment, whether it is a PBX, Key System or an individual phone line. And you can keep your present telephone number!

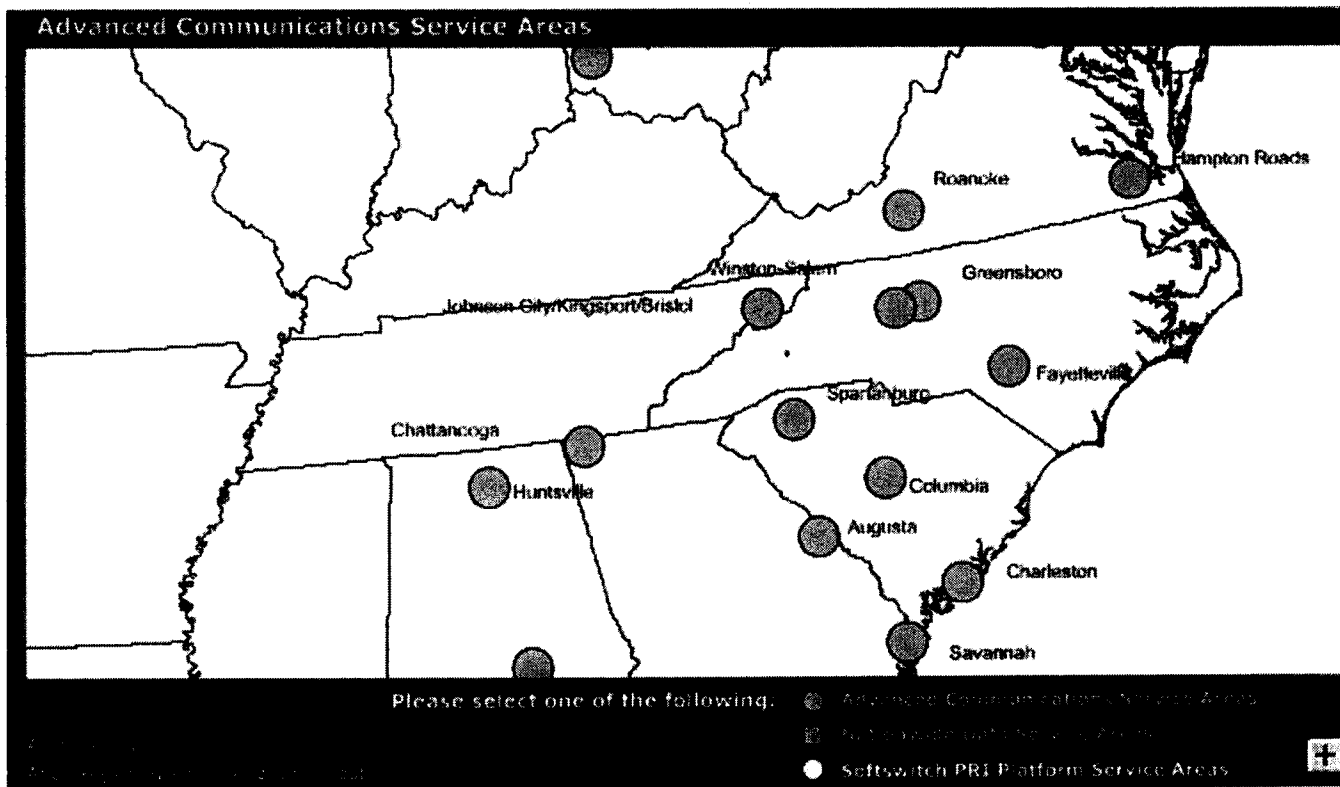

We offer several types of local service, including **KMC Business Line Service** either a Basic Business Line (Flat Rate and Measured) or a Basic Business Line Hunt (Flat Rate and Measured). We also offer both analog and digital Private Branch Exchange (PBX) trunk service which provides local access for your business. Whether you need Direct Inward Dial (**KMC PBX Trunk Service** DID Trunk) or Outward Dial (**KMC PBX Trunk Service** DOD Trunk) or a combination (**KMC PBX Trunk Service** Combination Trunk), we'll configure the trunk to the requirements of your business.

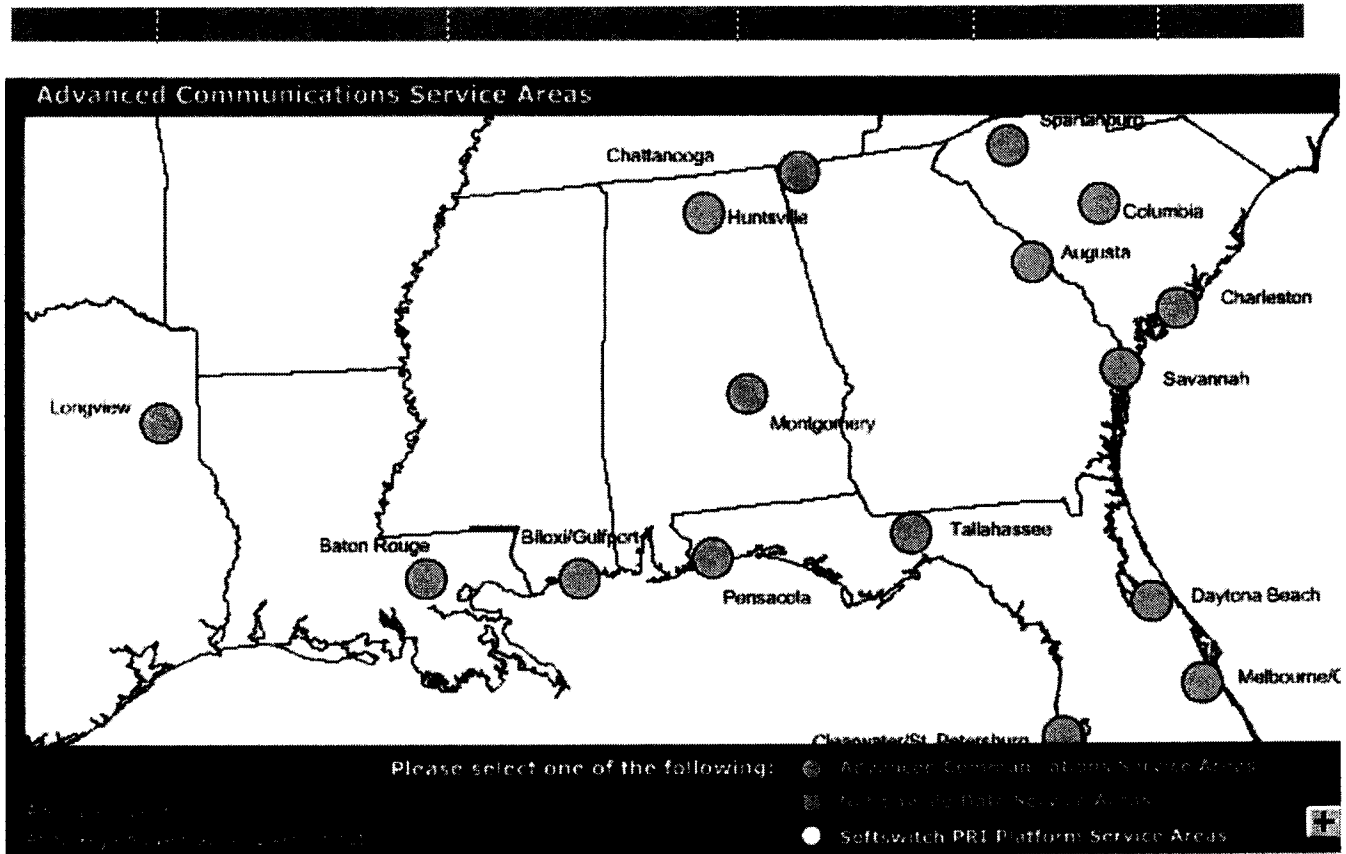

For ISDN users, KMC offers two flexible, cost-effective solutions designed to meet your complex voice and data telecommunications needs:

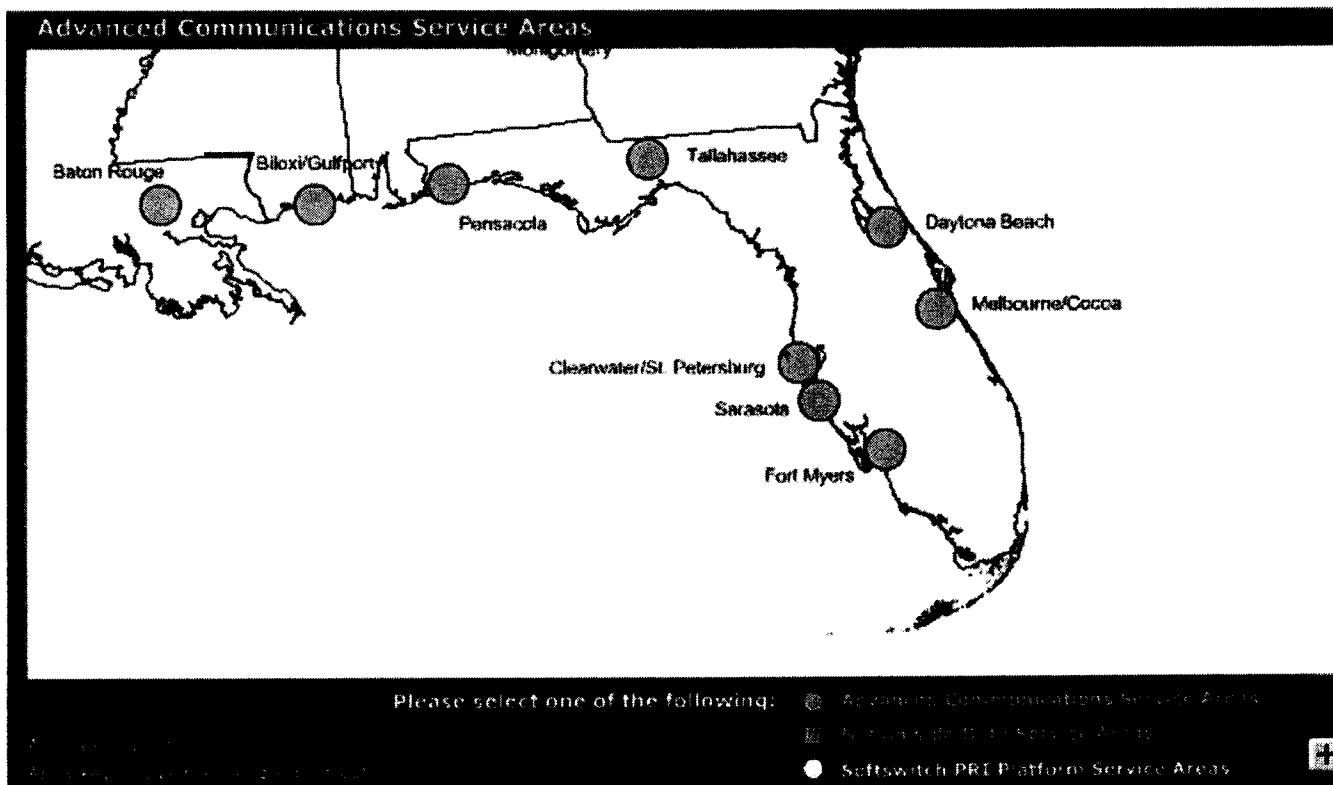

- **KMC Basic Rate ISDN Service**, and
- **KMC Primary Rate ISDN Service**.

Whichever type of ISDN service you select, you will receive a monthly invoice from KMC Telecom ®.

If your business places a large number of calls beyond our expanded local calling area, then Extended NewArea™ is designed for you.

Point-to-Point

NewSouth Communications' Point-to-Point functions as a private line between two or more locations. Your business can have continuous access to 4-digit dialing and high-speed data transfer to those locations you call most often.

Long Distance Service

Whether you're calling across the world or across your state, NewSouth Communications has the right long distance solution for your business.

International Long Distance

NewSouth Communications offers international calling to over 240 countries. Unlike other telecommunications providers, NewSouth Communications aggregates your monthly recurring charges.

800 Access

800 service is an easy and convenient way for your customers to contact you...at no charge to them.

Account Codes

NewSouth Communications' customers can track local and long distance calls by caller, department or client using our advanced Account Code system.

Small Business Solutions

Small Business Solutions enables businesses with as few as two lines to enjoy the savings of a competitive telecommunications provider. Your small business will enjoy savings of 15-20% off your current BellSouth services. Finally, small businesses have a choice.

Voice Mail

NewMessaging™ provides customers a flexible and powerful tool that can answer phone calls, take messages, and store them for review at a later time.

Conference Calling

Harness the power of the conference call for employees, customers and vendors with NewConferencing™ from NewSouth Communications. This service lets you organize a conference call between three or 300 people quickly and easily.

Phone Cards

When you are away from the office, our Phone Card puts all the benefits of NewSouth Communications right in your pocket. Calls can be made from almost anywhere to just about everywhere in the world.

Enhanced Features

Expand your communication capabilities with our suite of advanced voice features. These include an Individualized Dialing Plan, Multi-way Calling, Queuing, and Customer Recovery options.

INTERNET & DATA

Managed Network Security

NewSouth Communications is leading the industry with LANLock, a managed Internet security product that brings the latest in small-business network protection to your small business.

High-Speed Internet

NewSouth.net, our high-speed Internet product, brings you the World Wide Web with the touch of a button. Your connection is fast and it's secure - the bandwidth you purchase is guaranteed.

Private Networking

Netosphere, can provide your business with a comprehensive, custom-designed private networking solution for high-speed business communications. With a flexible, cost-effective private network, you will mobilize your business by sharing information and applications between sites.

BUNDLES

Suite T

A T1 made to order for your business. You choose the combination of Internet and voice channels, all with the convenience of one flat rate month after month.

Small Business Solutions

Small Business Solutions enables businesses with as few as two lines to enjoy the savings of a competitive telecommunications provider. Your small business will enjoy savings of 15-20% off your current BellSouth services. Finally, small businesses have a choice.

Alltel ADSL (TriVergent) in Lexington, SC area...A new customer's opinion

ordered service in early aug, 2001

\$49/month with \$200 cost of router deferred with 2 year service contract

initial installation charge \$50

within 1 week SpeedStream Router arrived with all filters and excellent instructi

A full two weeks later the line was still not connected - or tested!

with several prompting calls to tech support the line was activated

by Sep 19, still no good connection! line problems were investigated on seven seperate occasions with no problems found!?!? router still drops the line connec every 10 minutes.

No service calls have been made to inspect installation or router connections an attempts to work with phone tech support defaulted to "we need to open a serv ticket to check the lines"

Finally, by the second week of Oct a problem with the PPP connection router in Charlotte, NC was admitted and equipment was serviced at other end.

After going through many phone service techs I finally happened onto a good or recommended dsreports for tweaking and system improvements.

Finally, at the middle of Oct, I have a decent ADSL connection with download cl 1700kb/s ! Thank you DSL Reports! (-: my best speed before Oct was 256kb/s

Bottom Line: Cost, service help, equipment is excellent....service tech competer responsiveness to outages, system up-time is fair at best.

Other choices in this area are Roadrunner, DirectPC and other sat systems....I r the best choice for what is available. Hopefully the Altell ADSL system in Lexing SC will improve with seasoning and over time. Right now it is the best choice of available choices.

BTW: Ping rate is very high, around 950ms, which is most probably due to line conditioning problems and fault of Altell !

☐: **"Good tech support, Easy self Install, Pricing OK"**

☐: **"HORRIBLE BILLING PROBLEMS, SLOW, Disconnects frequent on weeken**

☐: **"Try Bellsouth DSL First"**

Sign up, Installation, no problems. 320 k PPPoE, Dynamic connection with Phon service \$70. Nortel External Modem. Was paying by check at first. Tried to bum speed, lines in area would not go beyond the 320 I was at (They checked line w some software program, but never gave me the max speeds line would hold). T started Credit card billing with no notice (I gave the card when I signed up). Ins

of billing me for the bumped up speed, they billed me for 2 lines OFF MY DEBIT WITH NO BILLING NOTICE!! Next month they hit my card again for about \$320. decided I had enough of their billing problems. Got problem straightened out and disconnected. Problems with disconnects on weekends. Try Bellsouth before you get this Headache!! Charter in Anderson, SC is awful also- 300k connection for 49.9 what a RIP!

PRESS RELEASE

Greenville, SC -- Wednesday, December 1, 1999

Sales Team Will Be at Forefront of TriVergent's DSL Bundled Services Offering

TriVergent has completed its team of account executives who will offer the company's new bundle of high-speed Internet access, local phone service, and long distance phone service to small- and medium-sized businesses in the Greenville, Spartanburg, and Anderson areas of Upstate South Carolina.

TriVergent is a Greenville-based, integrated communications provider (ICP) offering a wide range of services. The sales team will work with business clients interested in TriVergent's services that feature high-speed access to the Internet through DSL (digital subscriber lines) along with web hosting, e-mail, and web page design options. The company also provides data, local area network (LAN), wide area network (WAN), and hardware solutions as well as local phone service and long distance phone service for clients. TriVergent's services will be bundled for clients onto one bill.

The Greenville-Spartanburg-Anderson account executives have years of experience working in the Upstate market. The sales team includes **Jennifer Arndt**, the sales manager for this area and who has worked at TriVergent for 1 year; **Blake Comer**, who came to TriVergent from Computer Science Corporation; **Randy Friedberg**, who previously worked for SunCom; **Rich King**, who worked with Synnex Information Technologies; **Michele Miller**, who has been with TriVergent for a year and was recently promoted from business support

representative; **George Smith**, who worked for SunCom; and **Greg Sullivan**, who joined TriVergent from Datastream. The team will begin selling TriVergent's bundle of high-speed Internet access, local phone service, and long distance phone service on Dec. 6, 1999.

"We're excited about this group of people and their ability to offer business customers solutions for maximizing use of the Internet and local and long distance phone service," said Dan Sterling, vice president of Sales for TriVergent.

TriVergent will form similar sales teams throughout the southeast. Teams are currently being completed in Atlanta and Greensboro with groups to follow in Miami, Jacksonville, and several other markets.

About TriVergent Communications, Inc.

TriVergent Communications, Inc., a privately held Integrated Communications Provider (ICP), provides business and residential consumers with a wide range of communications products and services including high-speed Internet (DSL), web hosting and design, local exchange, long distance, and data integration products. The company is building an ATM-backbone, high-speed data network that will cover 26 southeastern metropolitan markets. Founded by former managers of Corporate Telemanagement Group, now Qwest Communications (NASDAQ:QWST) and Tel/Man, now MCI Worldcom (NASDAQ:WCOM), TriVergent's management team and directors have more than 175 years of aggregate competitive telecom experience. TriVergent was named "One Of The 50 Companies to Watch in 1999" by *digitalsouth* magazine. Additional information on the company can be found on the Web at www.TriVergent.com.
