Welcome !

We are now Authorized Agents for Anew Broadband which can provide far more than just great ADSL service.

In addition to ADSL we can provide a one-bill solution for your communications needs that includes local telephone line, long distance service, toll free service and DSL service bundled in one monthly bill.

Local Phone Service:

Always ask about the current featured special of the month.

Features included in BellSouth's Complete choice plan.

- Keep your same numbers
- No Contracts
- No transfer fees.
- Free Toll Free numbers
- One bill

If you call within our extended LATA, the fee for unlimited calls is only \$8.00 and includes everywhere from Ft. Pierce to Key West. For an additional \$1.95 per month you get 4.9 cent long distance in addition to the extended LATA calling plan.

Plan Coverage Area: ADSL is currently available from Ft. Pierec to Key West. Local Phone Service is currently available anywhere in the BellSouth service area including Florida and Georgia. We are currently negotiating agreements to service customers in the Sprint calling areas of Florida. Check back often.

ADSL prices:

- Business, \$69.00 / month
- Residential, \$43.00 / month
- 1 Port Router, \$180 or \$15/month for one year. ¹
NAT/DHCP typical installation.
- 4 Port Netopia Router, \$240 or \$20/month for one year. ¹
VPN/NAT/DHCP special installation.
- **Installation:**
 1. Expedited for existing ADSL users. \$99.00

2. New Customers, \$120 activation and \$99 installation. ^{1,2}

ADSL -- Yes...there is an installation fee but this means it is done right. We dispatch a technician to your location to setup your router and help you configure your first computer. Your line will be tested and replaced if necessary to assure a business-class installation and support. It was the lack of these services and support, and the cost of providing free modems that drove other DSL companies out of business. Unlike other providers we do support users with networks and multiple computers at no additional cost. A static IP is standard.

ADSL Notes:

¹. Both the installations fees and the router cost can be added to the monthly bill for the first year of your agreement.

². \$99 installation fee waived with 2 year agreement.

Order Forms

INSTRUCTIONS PAGE

FAX YOUR ORDER FORMS TO:

954-548-3682 with a copy of just the order (not the service agreement or phone bill to:
305-468-6348)

For telephone service you must also fax a copy of your previous telephone bill !

Information: *Blue are residential services.*

When comparing costs, remember associated regulated fees and tax rates are the same for all telcos, however the actual tax you pay is based on the price of the service so you will also save on those taxes! (*Services fees such as 911, FCC charges, manhole fees etc. are fixed charges and will not change*)

Covered by David Hamerly

ITC^DeltaCom, an integrated telephone company, is the competition. The competitive local-exchange carrier (CLEC) serves business customers through 40 offices from New York to Florida. It also wholesales long-distance services to other carriers -- including [AT&T](#), [MCI](#) (formerly [WorldCom](#)), and [Sprint](#) -- through its regional fiber-optic network. The firm owns part of the network and manages the rest, which is owned by [Duke Energy](#), [FPL](#), and [Entergy](#). But the depressed telecom sector forced the company to seek debt relief and it has emerged from Chapter 11 bankruptcy with investment firm [Welsh, Carson, Anderson & Stowe](#) owning a 65% equity stake.

Business Lines

Business Lines are often referred to as "Plain Old Telephone Service" (POTS) Lines. Business lines connect communication circuits between the local end office and your telephone, key system, fax, or modem.

MCI Business Lines, as its simplest, are the ideal solution for all your routine business telecommunication applications. Whether you use your MCI business line to connect to a telephone, fax machine, modem system, you can be assured that you will have local service you can count on. Business lines allow su

- Make and receive calls
- Transmit faxes
- Gain access to the Internet

Which Businesses Can Use MCI Business Lines?

Business Lines are ideal for:

- Small Business customers
- Customers who do not currently require the feature functionality of a PBX
- Customers with fewer than 15 lines

Why MCI Business Lines?

MCI has an impressive array of local features that define and enhance the MCI Business Line offering. Features include:

- **Call Transfer or Three Way Conference Calling.** Permits station users to transfer any call or party to an established connection.
- **Call Forward Busy.** Redirects calls to another station when called station is busy.
- **Call Forward No Answer.** Redirects calls to another station when called station does not answer.
- **Call Forward Variable.** Incoming calls are redirected to another station.
- **Speed Dial (8 or 30 codes).** Allows users to place calls to designated numbers by dialing one or more codes rather than the complete telephone number. Users can program up to 8 or 30 codes.
- **Call Waiting/Cancel Call Waiting.** With the sound of a beep, the user will be alerted that another call is waiting to be answered. It is not necessary to terminate the original call to answer the call, which is a feature not available on standard residential lines.
- **Caller ID w/Name.** Provides the MCI Local Customer the ability to identify the name of (or station) telephone number associated with the calling party. This feature requires a two-line minimum.
- **Caller ID Blocking-Selective, -Complete.** The caller's number can be blocked from the destination on every call.
- **Voice Mail.** Voice Mail offers extensive voice messaging features, packaged in a way that makes it easy to use. Simple prompts help with every step, giving you the option to review messages, record new messages, and change passcodes by simply pressing numbers on your touch-tone keypad.

VOICE

Local Service

NewSouth Communications' Lucent 5ESS AnyMedia™ digital switches enable us to provide you with the best quality service at the best price.

PBX Trunks

NewSouth Communications offers comprehensive service designed to complement your existing PBX or Hybrid Key system.

Business Exchange Lines

NewSouth Communications' Business Exchange Lines enable you to customize the features and functionality of your telephone.

Extended NewArea

If your business places a large number of calls beyond our expanded local calling area, then Extended NewArea™ is designed for you.

Point-to-Point

NewSouth Communications' Point-to-Point functions as a private line between two or more locations. Your business can have continuous access to 4-digit dialing and high-speed data transfer to those locations you call most often.

Long Distance Service

Whether you're calling across the world or across your state, NewSouth Communications has the right long distance solution for your business.

International Long Distance

NewSouth Communications offers international calling to over 240 countries. Unlike other telecommunications providers, NewSouth Communications aggregates your monthly recurring charges.

800 Access

800 service is an easy and convenient way for your customers to contact you...at no charge to them.

Account Codes

NewSouth Communications' customers can track local and long distance calls by caller, department or client using our advanced Account Code system.

Small Business Solutions

Small Business Solutions enables businesses with as few as two lines to enjoy the savings of a competitive telecommunications provider. Your small business will enjoy savings of 15-20% off your current BellSouth services. Finally, small businesses have a choice.

Voice Mail

NewMessaging™ provides customers a flexible and powerful tool that can answer phone calls, take messages, and store them for review at a later time.

Conference Calling

Harness the power of the conference call for employees, customers and vendors with NewConferencing™ from NewSouth Communications. This service lets you organize a conference call between three or 300 people quickly and easily.

Phone Cards

When you are away from the office, our Phone Card puts all the benefits of NewSouth Communications right in your pocket. Calls can be made from almost anywhere to just about everywhere in the world.

Enhanced Features

Expand your communication capabilities with our suite of advanced voice features. These include an Individualized Dialing Plan, Multi-way Calling, Queuing, and Customer Recovery options.

INTERNET & DATA

Managed Network Security

NewSouth Communications is leading the industry with LANLock, a managed Internet security product that brings the latest in small-business network protection to your small business.

High-Speed Internet

NewSouth.net, our high-speed Internet product, brings you the World Wide Web with the touch of a button. Your connection is fast and it's secure - the bandwidth you purchase is guaranteed.

Private Networking

Netosphere, can provide your business with a comprehensive, custom-designed private networking solution for high-speed business communications. With a flexible, cost-effective private network, you will mobilize your business by sharing information and applications between sites.

BUNDLES

Suite T

A T1 made to order for your business. You choose the combination of Internet and voice channels, all with the convenience of one flat rate month after month.

Small Business Solutions

Small Business Solutions enables businesses with as few as two lines to enjoy the savings of a competitive telecommunications provider. Your small business will enjoy savings of 15-20% off your current BellSouth services. Finally, small businesses have a choice.
