*Covered by David Hamerly*

ITC^DeltaCom, an integrated telephone company, is the competition. The competitive local-exchange carrier (CLEC) serves business customers through 40 offices from New York to Florida. It also wholesales long-distance services to other carriers -- including [AT&T](#), [MCI](#) (formerly WorldCom), and [Sprint](#) -- through its regional fiber-optic network. The firm owns part of the network and manages the rest, which is owned by [Duke Energy](#), [FPL](#), and [Entergy](#). But the depressed telecom sector forced the company to seek debt relief and it has emerged from Chapter 11 bankruptcy with investment firm [Welsh, Carson, Anderson & Stowe](#) owning a 65% equity stake.
