Flat Rate Business Lines

Flat Rate Business Lines are an ideal and affordable solution for smaller-size businesses that do not require a large number of phone lines.

A Flat Rate Business Line provides you with a single phone line between your single-line, multi-line or key system equipment and the public telephone network. Whether you're established or just beginning, we've designed a simple, flexible and reliable solution to fit your company's growing needs.

FDN flat rate business lines are inclusive of the following features:

- Touch Tone Dialing
- Calling Number Delivery Block (*67)
- 900/976 Blocking.

FDN's A La Carte Options:

- Anonymous Call Rejection
- Call Block
- Call Forwarding – Busy Line and/or Don't Answer
- Call Forwarding Variable
- Call Forwarding Variable Remote Access
- Call Return
- Call Selector
- Call Tracing
- Call Waiting
- Caller ID – Basic (Number Only)
- Caller ID – Deluxe (Name & Number)
- Distinctive Ring 2nd or 3rd numbers
- Enhanced Caller ID
- Preferred Call Forwarding
- Repeat Dialing
- Selective Call Acceptance
- Speed Calling (8 and/or 30)
- Three Way Calling
- Three Way Calling with Transfer
- Toll Blocking

A banner for FDN Residential Service. On the left, the FDN logo is in large white letters. Below it is a vertical navigation menu with links: Home, News, Investor Relations, Careers, Our Story, Markets, Executive Team, Our Partners, and Contact Us. To the right of the menu, the word 'Residential' is written in large white letters. Further right, a headline reads 'FDN Communications now offers two great ways to get business class customer service at home!'. Below this headline are two sections: 'Traditional Phone Service' and 'Internet Based Phone Service', each with a paragraph of text. A 'Click Here' button is located at the top right. On the far right, there is a small, dark image of a person sitting.

FDN Communications now offers two great ways to get business class customer service at home!

Traditional Phone Service
FDN Communications provides two great residential packages delivered over your existing phone line. Both packages include FREE features such as Caller ID, Unlimited *69, and Call Waiting. Switching is easy and your phone number stays the same. [Click here](#) to check the excellent packages and pricing and see if service is available in your area.

Internet Based Phone Service
Those customers that have high-speed Internet delivered via Cable Modem can get service from FDN's sister company Broadline Communications. Broadline Communications offers a cost-effective alternative to traditional phone service using your existing high-speed Internet connection instead of your phone line. [Click here](#) to go to the Broadline Communications web site and check availability.

IDS News

Digital T1 Data Service

IDS Telcom is becoming the leading provider of digital services in South Florida. Since March 2002, IDS Telcom has successfully installed over 10,000 Digital T1 data circuits for Internet access, VPN and frame relay applications. Running on the largest fiber optic network in Florida, IDS offers Internet access speeds ranging from 128K to a full 1.544 MB/Sec. For Fortune 500 clients and small business customers with both voice and data requirements, IDS offers Integrated T1 Service, which economically combines voice and data service on a single T1.
