This contract tariff is for all services offered in Section 22 of this tariff. The customer is charged rates as specified in Section 22. Customers are eligible for a 10% credit in any month that their monthly recurring revenue, for applicable services, is equal to or greater than \$1.8 million. This credit is offered for a maximum of twelve (12) months. (C)

In order to qualify, customers must have completed the fifth year of a five year term discount plan and must have billed a minimum of \$1.8 million monthly recurring charges for six consecutive months immediately prior to the contract effective date to be eligible for a revenue discount of 10% applied to the monthly billed revenue. (C)

This discount will be applied as a credit on a monthly basis to one designated special access billing account number on the second full invoice following the qualifying months. If the customer's monthly recurring charges fall below the \$1.8 million minimum billing for all special access services provided in Section 22, no discount will apply for that month. The discount does not apply to nonrecurring charges or any other applicable monthly charges billed to the customer (i.e., taxes, interest, surcharges).
