Transmittal No. 128

Marlene H. Dortch, Secretary  
Federal Communications Commission  
Washington, D. C. 20554

Attention: Wireline Competition Bureau

The accompanying tariff material, issued by Illinois Consolidated Telephone Company (ICTC) and bearing F.C.C. No. 2, Access Service, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended. The proposed effective date of June 11, 2005, is fifteen days after the filing date, in accordance with Section 204(a)(3) of the Communications Act of 1934, as amended.

This filing responds to customer requests to provide higher speed ADSL service at a lower rate with no commitments. To accomplish this, the Company is opening up the speeds carried over its ADSL service to the maximum possible speed based on the technical standards of the current DSL facilities and equipment, along with the condition and geography of the facilities and equipment.

In 2001, the rate for interstate Flex ANI was reduced to \$0.00, per FCC direction. However, the Company's tariff was not changed to reflect this rate change; it is being corrected at this time. No customers have been billed since 2001 for this service.

The attached Description and Justification provides further support for these changes.

The tariff pages being submitted with this Transmittal include those changes listed on the following Check Sheets:
