

BELLSOUTH TELECOMMUNICATIONS, INC.

BellSouth DSL "Rev Up for Savings" - Special Promotion

DESCRIPTION AND JUSTIFICATION

TRANSMITTAL NO. 906

INTRODUCTION

With this filing, BellSouth Telecommunications, Inc. (hereinafter referred to as "BellSouth") is revising its Tariff F.C.C. No. 1, Sections 25 and 28 to introduce a special promotion for BellSouth DSL called "Rev Up for Savings". Transmittal No. 906 is being filed on June 16, 2005 to become effective July 1, 2005.

DESCRIPTION OF AND JUSTIFICATION FOR TARIFF CHANGES

With this filing, a customer may receive billing credit for a portion of the non-recurring charges associated with new BellSouth ADSL Service and Bellsouth Session Based DSL Service Virtual Circuits (VCs) ordered during the BellSouth DSL "Rev Up for Savings" promotion period beginning July 1, 2005 and continuing through December 31, 2005. A customer may qualify to receive a higher percentage of the non-recurring charges as credit based on the number of orders completed during a promotion month. BellSouth files this promotion to stimulate subscription to the affected services.

Several text changes that correct paragraph numbering errors in the current Tariff are made in this filing. In addition, the portion of the Table of Contents describing Section 25 has been formatted in a way that makes information concerning all Section 25 promotions filed on or after June 1, 2002 easy to locate for future review.

PRICE CAPS INDICES

The BellSouth DSL “Rev Up for Savings” special promotion filing applies to incremental demand only and does not impact existing demand. For this reason, this promotion neither creates price cap headroom nor affects price cap indices in any way. In addition, Workpaper SUM-A displays price cap indices and rate detail for this filing demonstrating that BellSouth remains within all allowable limits.
