This filing is being made by Qwest in its Tariff F.C.C. No. 1, to add a new Arrangement in Section 10, Federal Government Specialized Service or Arrangements. This new Arrangement, Government Unlit Transport Medium, is a combination of interoffice transport and unlit loops and is being provided exclusively to the Department of Defense.

In this filing Qwest is also withdrawing DS1 and DS3 Radio Interface from its tariff. On April 15, 2005 Qwest filed an application with the FCC requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue these services. in the approximately ten years that it has offered these services. In Public Notice, DA 05-1272, Released April 29, 2005 the Commission noted that "Qwest's application will be deemed to be automatically granted on the sixtieth (60<sup>th</sup>) day after the release date of this public notice, unless the Commission notifies Qwest that the grant will not be automatically effective. Accordingly, to the extent these services are subject to section 63.71(c), absent further Commission action, Qwest may not terminate service until June 28, 2005." Since Qwest did not receive a notice from the Commission, Qwest is withdrawing these services.

Qwest is also making one other minor change which involves withdrawing obsolete language associated with DS1 Netplan. This offering provided a nonrecurring discount if the service was ordered not later than June 1, 1997.
