With this transmittal, Verizon submits tariff pages and supporting information for a price cap filing restructure under Section 61.3(II) of the Commission's rules to waive termination liabilities in its Tariff F.C.C. Nos. 1, 11, 14, and 16 on IntelliLight Optical Transport Service (IOTS) under certain circumstances. The following two restructures are included in this filing:

- (a) restructure the Switched Access and Special Access IOTS service into a Category I rate structure (existing) and a Category II rate structure (proposed); and
- (b) restructure to waive termination liability when existing customers move to the new Category II rate structure.

Verizon will not be submitting any supporting information for a price cap filing restructure of Termination Liabilities under Section 61.49(e) of the Commission's Rules since the changes have no impact on revenue under the Cap. This is explained more fully in the attached description and justification. However, Verizon will be submitting data for the restructure into Category I and Category II rates for Tariff F.C.C. Nos. 1 and 11. Since there is no demand for those items in Tariff F.C.C. Nos. 14 and 16, no changes to the indices will occur. As a result, Tariff Review Plan (TRP) support for those tariffs is not included in this filing.

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS).

Payment in the amount of \$720.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically over ETFS.

In accordance with the requirements of Section 61.21(a)(3) of the Commission's Rules, the F.C.C. Registration Number (FRN) for Verizon is 0003-7085-00. Verizon is filing this transmittal on behalf of issuing carriers with the following FRNs:
