## ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations

The End User Common Line and any applicable End User Port monthly charges will be billed to the end user of the associated local telephone exchange service.

The total number of Telephone Company-provided lines and trunks, excluding pay telephone lines, for which the interexchange carrier customer has been selected as the predesignated carrier for interLATA, interstate calls, as defined in 13. following, will be multiplied by the appropriate Presubscribed Interexchange Carrier Charge (PICC) on a monthly basis as set forth in 31.4 following and assessed to the primary interexchange carrier of the associated local telephone exchange service. The Telephone Company will update its PICC information on the first Saturday of each month. If PIC NONE, as defined in 13. following, is designated on any lines or trunks, the appropriate PICC will be assessed to the end user customer subscribing to the line or trunk.

(D)

(D)

The Telephone Company will make reasonable efforts to change the end user line designation to PIC NONE, as described in 13.3.3(B)(4)(a) following. However, if the Telephone Company is unable to accomplish the change prior to the PICC update, the Telephone Company will continue to assess the PICC to the interexchange carrier customer until the following month's update.

(C)

The application of these rates is described in 4.6.1 and 4.6.2 following. End User Access Service rates are set forth in 31.4 following.

## ACCESS SERVICE

13. Additional Engineering, Additional Labor and Miscellaneous Services  
(Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.3 Presubscription (Cont'd)

## (A) (Cont'd)

When an end user does not want to be presubscribed to any IC, or (C)  
when an IC submits a request to remove their PIC from an end user's (C)  
line, the end user will be required to dial 101XXXX or other access (C)  
code (i.e., 950-XXXX) for all calls to all ICs. This line  
condition, designated PIC NONE, is considered a PIC change for (C)  
purposes of administering the rates contained in this tariff. PIC  
NONE changes can only be made by the end user or by the carrier to  
whom the end user's line is presubscribed. (C)

In addition, International Direct Dial Blocking Service may be  
subscribed to under the regulations set forth in 13.3.3(C) (T)  
following. Further, 900 Pay-Per-Call Blocking Service may be  
subscribed to under regulations set forth in 13.3.3(E) following.

Each IC will have one or more access codes assigned to it for its  
various types of service. When a customer selects an IC as its PIC,  
only one access code of that IC may be incorporated into the  
switching system of the Telephone Company permitting access to that  
IC by the customer without dialing an access code. Should the same  
customer wish to use other services of the same IC it will be  
necessary for the customer to dial the necessary access code(s) to  
reach that IC's other service(s).

## (4) Presubscription Charge Application

- (a) After the implementation of the ongoing Equal Access Balloting Process, existing customers making their initial PIC selection, either by returning the ballot to the address specified by the Telephone Company, by direct contact with the Telephone Company, or by contacting an IC directly during the approximately 90 day period prior to the equal access conversion date or during the 255 days following the conversion date, are not subject to a presubscription charge. After the allocation translation, customers will incur a presubscription charge for any changes in PIC selection, including a change from one service to another service of the same IC.

- (1) A nonrecurring charge, as set forth in Section 31.13.4(A) following, to process a change in Presubscription is bifurcated into two (2) separate nonrecurring charges and applies as follows:

(N)

- (a) A nonrecurring charge, as set forth in Section 31.13.4(A)(1) following, applies when the request to change Presubscription is submitted through electronic methods.
- (b) A nonrecurring charge, as set forth in Section 31.13.4(A)(2) following, applies when the request to change Presubscription is submitted through manual methods.

As used above, manual methods are (i) personal interaction between a customer, or a person acting on behalf of a customer, and a Telephone Company employee; and (ii) any facsimile or written submissions from a customer, or a person acting on behalf of a customer, to a Telephone Company service center. Electronic methods shall include all other methods. If a request utilizing an electronic method results in manual processing, the electronic nonrecurring charge shall apply upon completion of the request.
